

Good evening Shuey students and families. This is Mrs. Brydle with the important announcements for the upcoming week at our school. On Friday, each child received 2 COVID tests. We are recommending that students take the first COVID test on Monday, September 5th and the second test on Monday, September 12th. Only contact the school if the tests are positive. If you did not receive a test kit on Friday, please contact me via Class Dojo or email. There is no school on Monday, September 5th and Monday, September 12th. Wednesday, September 7th is a late start day. School begins at 9:30 for all students. Also, each student will receive a blue and white water bottle. The water bottle is reusable and can be filled at school. Each child will only receive one water bottle so please either reuse this water bottle or have your child bring one from home. Please make sure that your child's name is clearly written on his or her water bottle. Finally, please be assured that during the excessive heat wave warnings, students will be having indoor play time.

Thank you for listening and have a great evening!
