Comprehensive School Safety Plan

Muscatel Middle School Rosemead School District
Section 1: General Information – School Safety
Part 1: District Commitment to School Safety

District Commitment to School Safety (page 1 of 1)

The Rosemead School District is committed to promoting and encouraging safe and secure campuses for students enrolled in this district, and its employees. The District believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the District. The District intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school site committee will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

Implementation of Positive Behavioral Intervention and Supports

The Rosemead School District has implemented PBIS for each school District wide. PBIS is short for Positive Behavioral Intervention and Supports. PBIS is based on principles of applied behavior analysis and the prevention approach and values of positive behavior support. PBIS is a framework or approach for assisting school personnel and organizing evidence-based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students. PBIS IS NOT a packaged curriculum, scripted intervention, or manualized strategy. PBIS IS a prevention-oriented way for school personnel to (a) organize evidence-based practices, (b) improve their implementation of those practices, and (c) maximize academic and social behavior outcomes for students.

Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all youth by making targeted misbehavior less effective, efficient, and relevant, and desired behavior more functional.

Adoption of the 7-Habits® Leader in Me® Program

The Rosemead School District has adopted the 7-Habits® Leader in Me® Program at each of our schools. This process helps develop the essential life skills and characteristics students will need in order to thrive in the 21st century workforce. Along with outstanding academic state test scores, are students are part of nationally recognized leadership and character development schools. Our Leader in Me program has been developed and integrated into our school’s core curriculum.

Drinking Water Quality Survey

The Rosemead School District also has proactively conducted Water Quality Surveys to test drinking water sources at all District schools and facilities. All results of the survey showed non-detection for Lead in Rosemead Schools, offices and classrooms.

Section 1: General Information – School Safety
Part 2: Legislative Requirements

Legislative Requirements (page 1 of 1)

The California Education Code (sections 35294-35294.9) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

This requirement was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 187/SB 334 to contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Sexual harassment policies
- Schoolwide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

Part 3: Maintaining a Safe and Orderly Environment

Maintaining a Safe and Orderly Environment (page 1 of 1)

It is a priority of the administration and staff at Muscatel Middle School that every student who attends our school will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities both in and out of the classroom.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Our school district promotes nonviolent resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training which implements and supports conflict resolution (California Education Code Sections 32230-32239, 35160, 35160.1, 44806).

Muscatel Middle School remains in compliance with existing laws related to school safety. This manual outlines several elements critical to maintaining a safe school environment.

Introduction and Implementation of the “Catapult EMS” Communication Software

The Rosemead School District is in the process of implementing a cloud-based emergency management communication system from Catapult EMS where student and staff safety is the prime concern in an emergency situation. Catapult EMS works with real-time communication and information management. Our staff can report and manage real-time information about evolving threats, including the location and well-being of students and staff during an emergency situation. We are currently in the staff training and drill phase to educate our staff on the use of Catapult EMS on all phones, tablets and computers. We feel an intelligent plan is our best defense to give peace of mind to our staff, parents and students when confronted with emergencies and critical events on or around our schools.

Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

Child Abuse Reporting Procedures

OUR GOAL

The District is dedicated to providing a child-safe environment. A safe, nurturing environment to promote all public school students’ learning and growth, free from abuse and neglect, shall be a continual goal of the District.

The District expects all staff members, including teachers, coaches, counselors, administrators, classified staff members, and volunteers, to maintain high professional, moral, and ethical standards in their conduct with students. The interactions and relationships among staff members and students are based upon mutual respect and trust. An understanding of appropriate boundaries among adults and students in an educational setting is consistent with the mission of the District.

Communication and interaction are vital elements in learning and instruction. In order to promote the safety of students and to prevent misunderstandings and false accusations, procedures for child abuse prevention that include a definition of reasonable boundaries are necessary. A staff member or volunteer who observes or has reasonable evidence of child abuse shall immediately report such conduct in accordance with the procedures outlined in this chapter. The proper authorities shall promptly investigate all reported allegations.

The State Department of Education encourages District’s to collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to create a school safety plan to address the threat of sexual abuse and sex trafficking.

In-service training may be conducted periodically to enable district personnel to learn about new developments in the understanding of sexual abuse and sex trafficking, and to receive instruction on current prevention efforts and methods. Districts are encouraged to include training on early identification of sexual abuse and sex trafficking of pupils and minors.

WHAT IS CHILD ABUSE?

Child abuse includes physical, emotional, and sexual abuse as well as neglect of minors. Child sexual abuse can include unwanted and unnecessary touching or fondling of minors; voyeurism; exposing minors to sexual acts or pornography; requests for or offers of sex to a minor; solicitation of sex from minors; sexual exploitation of minors; lewdness or exposing private body parts to a minor; taking nude photographs of minors without proper consent or for illegal purposes; online enticement of minors; and other sexual acts to minors such as intercourse, penetration, rape, incest, and sodomy.

Responsible adults understand that minors are vulnerable to abuse from adults and other children and that all adults, not just parents and guardians, must make concerted efforts to create and maintain child-safe environments.

Both child abuse and child sexual abuse are serious crimes. Child abuse and neglect are national problems (see Child Maltreatment 2012 at <http://www.acf.hhs.gov/sites/default/files/cb/cm2012.pdf>). More than 3.8 million reports of child abuse involving almost 680,000 unique victims were made in the United States in fiscal year 2012 with over 1,600 deaths related to child abuse in that year.

Child abuse is defined as:

- A physical injury that is inflicted by other than accidental means on a child¹ by another person.
- Sexual abuse of a child, including both sexual assault and sexual exploitation.
- Willful cruelty or unjustifiable punishment of a child.
- Unlawful corporal punishment or injury of a child.
- Negligent treatment or maltreatment of a child.
- Abuse in out-of-home care of a child such as the negligent failure of a person having the care or custody of a child to provide adequate food, clothing, shelter, or supervision of a child where no physical injury to the child occurred.

Perpetrators of child abuse can be other children or adults. Adult perpetrators are usually parents or other family member, but they can also be teachers or other District employees, other adults known by the victim, including volunteers, or adults, including District consultants and contractors, who are strangers to the victim.

¹ In California, a child is a minor, any person under the age of eighteen years old (Penal Code Section 261.5).

Relationships between Child Abuse Perpetrators and Victims²

Signs of child abuse or neglect include, but are not limited to, the following:

- Poor nourishment or inadequate clothing.
- Consistent tiredness or listlessness.
- Inconsistent school attendance.
- Unexplained injuries, especially those located on parts of the body not usually affected by normal childhood activities.
- Repeated injuries such as bruises, welts, or burns, especially those where the shape of an object is visible.
- Unexplained fractures.
- Small circular burns which may have been inflicted by a cigarette or cigar.
- Unusual behavior including hyperactivity, disruptive, and aggressive behavior, behavior that is abnormally complacent, compliant, shy, or withdrawn, or uncommunicative behavior.

² The relationship is unknown in approximately 8% of cases. **Parent/Family** was defined as parent, foster parent, legal guardian, other family, or unmarried partner of parent per the *Table 5–5 Perpetrators by Relationship to Victims, 2012* coding. **Volunteer** was defined as friend or neighbor. **Teacher/Staff** was defined as child care provider, other professional, or group home and residential facility staff. **Unknown** was defined as other and unknown.

Policies to address and to help prevent child abuse can be tailored either to report perpetrators or to minimize perpetrators within the above-noted relationship classifications with respect to their victims.

Teacher or Staff/Student-Related Policy³

Relationships with Minors Prohibited

District employees are prohibited from having any type of sexual relationship with a minor even if the minor or his or her parent(s) provide their expressed consent. District employees and other school-site participants that are discovered to have committed or are reasonably suspected of committing child abuse will be reported to the proper legal authorities and shall be subject to disciplinary action up to and including termination.

Proper Interaction With Minors

The District requires that all employees and school-site participants interact with minors in a safe and proper manner, including:

- Eliminating the times employees and other school-site participants are alone with minors without other adults being present, accessible, or in view. **The District shall practice two-deep leadership, no one-to-one contact, respect for privacy, and prompt report of problems at all times with respect to interaction among adults and minors.**
- Physical contact between employees or other school-site participants and minors shall always be (a) non-sexual, (b) appropriate to the circumstance, and (c) unambiguous in meaning. Boundaries consistent with employees' and other school-site participants' roles as educators, mentors, and caregivers shall always be respected. Violations of boundaries include:
 - Intentional contact that constitutes physical or sexual abuse or is otherwise potentially harmful to the well-being of a minor.
 - Physical contact with a minor that is not age-appropriate or within the scope of the employee's and other school-site participant's scope of responsibilities or duties.
 - Touching or grabbing a student to get his or her attention.
 - Physical contact that demonstrates intent to discriminate between students or otherwise show favoritism.

- Touching for the purpose of punishing or intimidation. Specifically, this does not include manual interventions necessary to protect the safety of the student or others.
- Any gestures or movements that imply physical or sexual contact.
- Never being with a minor in a concealed area, including a locked room or a place where other adults cannot see or hear the adult's interaction with a minor or minors;
- Never hosting an event for minors or inviting minors to employee's and other school-site participant's homes unless such hosting or invitation is part of an approved District function;
- Never inviting minors to employees' and other school-site participant's home without the presence of the minor's guardians, parents, or multiple adults as part of an approved District function;
- Never entering a home with a minor unless the minor's guardians or parents are present and/or without the guardian's or parent's consent;
- Never giving a minor a gift without the consent of District and the guardians or parents of the minor;
- Never providing tobacco products, drugs, or alcohol to minors or purchasing tobacco products, drugs, or alcohol for minors;
- Always reporting use of tobacco products, alcohol, or illegal drugs by minors;
- Never going to an off school-site event with a minor without receiving the written consent of the minor's guardians or parents and the Rosemead School District;
- Never providing transportation to a minor or minors without approval of Rosemead School District and consent of the minor's guardians or parents and without other adults being present;
- Never taking video or audio recordings, photographs, or otherwise capturing digital images of a minor without receiving the written consent of the minor's guardians or parents and the Rosemead School District;
- Never communicating to a minor on matters unrelated to performance of your duties as a teacher or other education professional; in an unprofessional manner; or inappropriately via phone, letter, instant messaging, social media, email or in a chat room.

District employees and other school-site participants can learn more about proper interaction with minors in support of child abuse prevention by visiting the Centers for Disease Control and Prevention's (CDC's) Violence Prevention website at <http://www.cdc.gov/ViolencePrevention/index.html> . The CDC also cites the Boy Scouts of America's (BSA's) Youth Protection Plan as a resource. The BSA publication, "Youth

Protection Training Guide: Cub Scout and Boy Scout Volunteer Leaders and Parents," can be downloaded at <http://www.scouting.org/filestore/ypt/pdf/46-221.pdf> .

Who must Report⁴

If you reasonably suspect that child abuse is occurring or that a minor is in danger, you must immediately report the abuse to the Los Angeles County Sheriffs Department and **Child Protective Services at (800) 540-4000** and in writing within 36 hours to Child Protective Services using state form SS 8572. If the child abuse is occurring at school or by an employee or other workplace participant, you must immediately report to the or Los Angeles County Sheriffs Department and Child Protective Services⁵ (800) 540-4000, and in writing within 36 hours to Child Protective Services using state form SS 8572, and within a reasonable period of time; 1 work day to the District.

The California Child Abuse Reporting Law mandates that all employees or “mandated reporters” must report known or suspected child abuse. “Mandated reporters” of child abuse include:

- A teacher.
- An instructional aide.
- A teacher’s aide or teacher’s assistant employed by any public or private school.
- A classified employee of any public school.
- A school nurse.

The mandated reporter’s obligations when she or he discovers that a child has been sexually abused or assaulted are as follows:

- Do not deny the problem. Assume that the child is telling the truth no matter how unbelievable the information sounds.
- Control your emotions. Fear and anger are natural reactions, but such expressions may frighten the child. Let the child know that your feelings are not directed at him or her.
- Reassure the child that he or she is safe and that it was right to tell you.
- Let the child ask questions, and provide answers that are simple and comprehensible.

⁴ Legal references: Education Code Sections 33308.1, 44690-44691, and 48906; Penal Code Sections 273a, 11164-11164.3, 11165-11165.5, 11166-11170, 11172, and 11174.3; Welfare and Institutions Code 600-601.2, 15630-15637.

⁵ The Child Abuse and Neglect Reporting Act (CANRA) states that the name of the mandated reporter is strictly confidential, although it is provided to the investigative parties working on the case. Under state law, mandated reporters cannot be held liable in civil or criminal court when reporting as required; however, under federal law, mandated reporters have immunity only for reports made in good faith.

- Find out as much as possible about the events leading up to, during, and after the incident.
- Follow your District's reporting protocol.

As a District employee, you are a mandated reporter and are required to take the General **Child Abuse Mandated Reporter Training – California** module which is offered free by the California Department of Social Services at <http://mandatedreporterca.com/training/generaltraining.htm> . This training is required annually for all mandated reporters within 6 weeks of each school year. All new employees must take the training module within 6 weeks of that person's employment.

Once this course is completed, educators are required to take the **Educators Specific Child Abuse Mandated Reporter Training - California** module which is offered free by the California Department of Social Services at <http://mandatedreporterca.com/training/educators.htm> . Certificates of completion for both modules should be kept within each mandated reporter employee's personnel file.

When Do You Report?

Child abuse must be reported when the mandated reporter has knowledge of or reasonably suspects that a minor has been the victim of child abuse or neglect.

The mandated reporter must make a report immediately (or as soon as practically possible) by phone to local law enforcement (see a list of emergency phone numbers for your county at the end of this chapter). A written report must be forwarded within 36 hours of receiving the information regarding the incident. Written reports must be submitted on a Department of Justice (DOJ) SS 8572 form, which can be requested from your local police or sheriff's department or downloaded from the Internet. A sample form SS 8572 can be found at http://ag.ca.gov/childabuse/pdf/ss_8572.pdf . If the mandated reported does not report a case of known or even suspected child abuse, he or she can be found guilty of a misdemeanor and be punished by six months in jail and/or a fine of up to \$1,000.

What is suspected Abuse or Neglect?

What are typical signals of child abuse or neglect from the perspective of seeing the suspected victim primarily at a school-site setting?

Often, there is little that is typical or obvious. And, of course, some signs that a child is experiencing violence or abuse are more obvious than others (there's a table of potential signals seen in victims on page 13). Some "signals" are correlated conditions—accidents, signs of poverty unrelated to neglect or abuse, etc.—that aren't prima facie evidence of child abuse. Regardless, **mandated reporters should trust their instincts**. Suspected abuse is a reason to report. If you suspect a child has been abused:

- Keep Calm
- Tell the child you believe her or him

- Show interest and concern
- Reassure and support the child
- Take action – it could save the child's life
- Contact your school's principal/District psychologist⁶

Reports are Confidential

When a mandated reporter suspects abuse or neglect, he or she must give his or her name. However, his or her identity must remain confidential, and authorities cannot reveal him or her as the source of the report. The identity of a person who reports known or suspected child abuse is confidential and may only be disclosed as follows:

- Between agencies receiving or investigating the report,
- To the district attorney in a criminal prosecution,
- To the district attorney in an action initiated under Welfare and Institutions Code Section 602 (minors violating laws defining crime, wards of court) arising from alleged child abuse,
- To the child's appointed counsel pursuant to Welfare and Institutions Code Section 371, subdivision (c),
- To the county counsel or district attorney in a proceeding under Family Code Section 7800 et seq. (termination of parental rights) or Welfare and Institutions Code Section 300 (dependent children),
- To a licensing agency when abuse in out-of-home care is reasonably suspected, or
- By court order.

Victim Interviews

Occasionally, a mandated reporter may be asked to be present voluntarily during an interview with a victim upon the victim's request. Upon request, a representative of an agency investigating suspected child abuse or neglect may interview a suspected victim during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

Such a mandated reporter (or a volunteer aide) selected by the child may decline to be present at the interview. If the event the selected person accepts, the principal or designee shall inform him or her, before the interview takes place, of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible,

2. The selected person shall not participate in the interview,
3. The selected person shall not discuss the facts or circumstances of the case with the child, and
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If the staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian as required in other instances of the removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officers shall be asked to sign an appropriate release or acceptance of responsibility form.

Parent/Guardian Complaints

Parents and guardians can also be reporters of suspected child abuse. Upon request, the Superintendent or designee shall provide parents/guardians with procedures whereby they can report suspected child abuse occurring at a school site to appropriate agencies. Such procedures shall be in the primary language of the parent/guardian and, when communicating orally regarding those procedures, an interpreter shall be provided for parents/guardians whose primary language is other than English. (Education Code 48987)

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person or in writing with any appropriate agency identified in the **Child Protective Services Hotline Telephone Numbers** listing near the end of this chapter or with a local law enforcement agency.

If a parent/guardian makes a complaint to any district employee, that employee shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency and also is obligated pursuant to Penal Code 11166 to file a report himself or herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650(a)(viii)(C). The CDE does not investigate allegations of child abuse but may investigate conditions that may involve immediate physical danger or threaten the health, safety or welfare of the child and which may result in denial of free appropriate public education.

Questionable Parent/Volunteer Behaviors

Third Party/Student-Related Policy

Most third parties unrelated to any student and/or not serving in a capacity not otherwise covered as a volunteer, including District contractors or consultants, are **not** allowed access to District campuses and facilities during school hours.

However, for District contractors and consultants who must have access to District campuses and facilities during school hours in order to perform their scope of service for the District, certain procedures apply as follows:

1. First, the contractor or consultant must certify and a District employee must verify that the proposed service or services must be performed during school hours.
2. Once (1.) is documented, the work must be approved by a District employee.
3. The contractor or consultant must be able to present some form of current government-issued photo identification (driver's license, passport, military ID, US or other government identification).
4. Upon approval, the contractor or consultant should be required to display a contractor identification badge with an ID photo at all times while on campus or at the facility.

5. The contractor's or consultant's activities must be restricted to the zone designated for contractor activities and physically separated from school activities by fencing or other approved barrier.

Other Minor/Student-Related Policy

Minors can victimize other minors. This topic is explored more fully in the District's guidelines contained in **Bullying Prevention Guidelines**. Nevertheless, with respect to child abuse prevention, there are several behaviors common in potential perpetrators as follows:

1. Minimizing, denying, and justifying inappropriate behavior.
2. Consistently ignoring or missing social cues about sexual behaviors, including inappropriately responding sexually or not taking "No" for an answer.
3. Preferring the company of significantly younger youth, or offering favors or secrets to a younger child.
4. Insisting on physical contact with other children, even when rebuffed.
5. Reluctance to be alone with or extreme anxiety about a specific other child.

A potentially effective tool to educate children about child abuse, including child-on-child child abuse, is children's primary child abuse prevention workshops. Such workshops can target child abuse reduction by working to change attitudes about changing norms about attitudes about violence, power, girls and women, and privacy. The following graphic displays some of these attitudes:

Targeting Child Abuse Reduction by Changing Attitudes about Damaging Norms

A primary prevention program must follow the provisions encoded in California's Welfare and Institutions Code 18976-18976.5 as follows:

18976. A primary prevention program shall include all of the following:

(a) Parent, teacher, and children's workshops which provide all of the following:

- (1) Information, provided in a clear, age-appropriate, nonthreatening manner, delineating the problem and the range of possible solutions.
- (2) Workshops which are culturally and linguistically appropriate to the population served and which are staffed by people with cultural and linguistic backgrounds representing the diversity of the population in the service area.
- (3) Workshops which are appropriate to the geographic area served.
- (4) Workshops which are designed to help counteract common stereotypes about victims and offenders.

(b) Parent and school staff workshops presented prior to the presentation of children's workshops, which include information and training concerning all of the following:

- (1) Physical and behavioral indicators of abuse.
 - (2) Post workshop session techniques.
 - (3) Community resources.
 - (4) Rights and responsibilities regarding reporting.
 - (5) School district procedures to facilitate reporting and apprise supervisors and administrators of reports.
 - (6) Caring for a child's needs after a report is made.
- (c) Children's workshops shall contain information and training concerning all of the following:
- (1) The right of every child to live free of abuse.
 - (2) How to disclose incidents of abuse.
 - (3) The availability of support resources and how to obtain help.
 - (4) Child safety training and age-appropriate self-defense techniques.
 - (5) A period for post workshop sessions in a school setting which maximizes the child's privacy and sense of safety and provide a period of time following each child's workshop, or a reasonable time thereafter, for any child who on a voluntary basis may want to individually talk with classroom presenters. Reports and referrals to appropriate child protective services agencies shall be made pursuant to state law. These sessions shall not provide any therapy or other forms of treatment.

18976.1. For the purposes of program effectiveness, it is the intent of the Legislature that children's workshops, in general, be delivered to classroom-size, or smaller, groups of children. It is further the intent of the Legislature that, in general, when services are delivered to a particular school, they be delivered throughout the school as a whole, with the exception that services may be delivered to kindergarten or special education classes, without necessarily delivering services to the entire school.

18976.5. Parents shall be given notice of, and may refuse to have their children participate in, a primary prevention program.

There also exist various resources to educate youth about child abuse. For example, the video, "A Time to Tell," was produced by the Boy Scouts of America to inform about child sexual abuse and ways to prevent it. See <https://www.youtube.com/watch?v=6GrnCd7Qz1k&list=PL9DEF0AD139B72484> .

The video, "It Happened to Me," was also produced by the Boy Scouts of America to inform about child sexual abuse. See <https://www.youtube.com/watch?v=B5QRSqBEFe0> .

Extension of This Policy

To the extent the District's mission and operations make it relevant, this policy of Child Abuse Prevention is extended to include Elders and Dependent Adults. In the event of Elder/Dependent Adult Abuse, verbal reporting is required immediately, and written reporting, within two working days, is required on State Form SOC341 which is available at <http://www.dss.cahwnet.gov/cdssweb/entres/forms/English/SOC341.pdf> .

Questions about This Policy

If you have questions, suggestions or concerns about this policy, you should direct them to your lead teacher, supervisor, or school site administrator.

Mandated Reporter Child Abuse Reporting Procedure

Flow

A person who fails to make a required report is guilty of a misdemeanor punishable by up to six months in jail and/or up to a \$1,000 fine. He or she may also be subject to a civil lawsuit, and found liable for damages. Educators who fail to report may risk loss of their license or credential.

A District may have additional or differing reporting requirements for its employees. A District's policies and/or requirements do **not** substitute for or in any manner replace these requirements.

Part 2: Biological/Chemical Weapons Assault

Biological/Chemical Weapons Assault (page 1 of 2)

Biological and chemical weapons are unconventional warfare tactics that can be deployed upon the public with little or no notice. Such weapons typically involve microscopic materials that may be organic or synthetically manufactured in laboratories. Biological or chemical weapons can be in powder form, liquid, or vaporous. Agents used in biological/chemical attacks include, but are not limited to: anthrax, smallpox, other harmful viruses, various forms of nerve gas, tear gas, and other vaporous irritants. Pranks using stink bombs should also be considered a chemical weapons attack.

There are several possible dispersion techniques to deliver biological and chemical agents. The following procedures should be utilized in the event of an assault involving biological or chemical weapons.

Any possible biological/chemical weapons assault should be reported immediately to the principal.

The principal should notify law enforcement authorities immediately.

As necessary alert all site employees of the situation by intercom.

If the agent is delivered via aircraft:

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.
- Shut down the HVAC.
- Cover vents with plastic or thick paper using tape to create a seal.
- Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tape to create a seal.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the principal, principal's designee or officers of emergency response agencies.

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.

- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the principal, principal's designee or officers of emergency response agencies.

If the agent is delivered via dispersion device that is indoors:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault. Role should be taken.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

If the agent is delivered via the school's HVAC system:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault. Role should be taken.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

In any situation involving biological or chemical weapons the principal and staff must follow all instructions given by officers of emergency response agencies. The District EOC will develop an action plan to handle telephone inquiries, rumor control, media relations, public information, employee/student crisis counseling, and facility damage assessment/control

Part 3: Bomb Threat Procedures

Bomb Threat Procedures (page 1 of 2)

If you observe a suspicious object or potential bomb on property, **DO NOT HANDLE THE OBJECT, IMMEDIATELY NOTIFY 9-1-1.**

1. Receiving the Call

Make every attempt to keep the caller on the phone as long as possible to gain information. Try if possible, to determine the gender and age of caller. Try if possible, to get the caller to tell you the exact location of the bomb and the time of threatened detonation.

2. Notification Procedures

School Site, communicate the above information to the following in this order:

- School site Principal/Administrator
- Assistant Principals or Deans
- Director of Counseling Services
- Director of Student Activities.

The Principal/administrator will notify local law enforcement and the District Superintendent's office.

District Office will communicate the above information to the Superintendent's Office. The Superintendent's office will notify local law enforcement.

Strictly follow the above notification procedures and do not discuss or notify others of the bomb threat since this may create an unwarranted panic response at the facility.

3. Action Plan Procedures

If required to develop an action plan, the principal/administrator may consult with the following: other administrators, head counselor, and head custodian utilizing their expertise.

If the location of the bomb is not specifically designated, students will be kept in the classroom.

Part 9: Lock Out – Criminal Activity Nearby but Not on Campus
--

A Lock Out is a procedure that prevents unauthorized persons from entering the school premises and is commonly used when the threat is general or an incident or criminal activity is occurring in the immediate area of the school. This procedure allows school activities to continue as normal during the outside disruption. Either the school site or notification by local law enforcement can initiate a Lock Out.

Teachers

1. When in a Lock Down status, you will receive notification from the Principal to change to a Lock Out status.
2. All classroom activities can resume as normal. Both staff and students are to remain in the classroom.
3. The Principal will notify you, via the PA system, that you cannot go outside the classroom. You can utilize the Lock Down buckets as needed while remaining in the classroom.
4. Based on updates from local law enforcement agencies, you may be authorized by the Principal to leave the classroom. The Principal will inform you to the extent of outside activities allowed (i.e. bathroom breaks or recess)
5. The Principal will notify you when you can resume all normal school activities.

Principal or Designee

1. You will be notified by the local law enforcement agency to go into Lock Down status.
2. When updated by local law enforcement agency or when you contact the local law enforcement agency and it is determined that you can safely change from Lock Down status to a Lock Out status.
3. You will notify your staff via the PA system that the status has changed from Lock Down to a Lock Out status.
4. Keeping ongoing communications with the local law enforcement agency will allow you to determine the extent of outside activity for your students and staff.
5. Notify the Superintendent either by phone, email, or District radio of your current status.
6. Keep telephone lines open for emergency-related use.

District Office

1. Either the Superintendent and/or a designee will send out a notice to the parents on its phone notification system of the following:
 - a) The need to release students immediately or if there will be a delay in dismissing the students.
 - b) If there is a need for them to pick up their children at a different time or location.
 - c) That there was a Lock Down, the reason for the Lock Down, and the steps taken to secure the students.
2. It is recommended that, if possible, at least two administrators or designated staff responders will be available to assist the school site Principal as needed.

Section 3: Disaster Procedures

Part 10: Lock Down – Intruder or Criminal Activity on Campus
--

An *Intruder or criminal activity on Campus Lock Down* is a procedure used when an unauthorized or aggravated person is on campus. An Intruder on Campus Lock Down secures staff and students by limiting access to the school classroom, offices, and other buildings. As part of this procedure, everyone must remain inside until the situation has been declared safe and given the “All Clear” signal by an authorized person (e.g., the Principal or a law enforcement officer).

Discovering Party

1. Notify the Principal or Designee. If you are unable to reach the Principal or there is a threat of danger, call 9-1-1.
2. Police/Sheriffs’ Departments contact the school and request the school to go into a Lock Down.

Teachers

When informed of a Lock Down, initiate the following Lock Down procedures and await further instructions:

1. Open classroom doors and do a quick peek outside to gather outside students into your classroom.
2. Remain calm, lock all doors, close window blinds, turn off lights, and remain out of sight.
3. Silence all cell phones and if necessary turn off all computer monitors.
4. During Lock Down, communicate any suspicious activities or noises to the office if safe to do so.
5. Take roll and report attendance to the Incident Commander or Staff/Student Accounting Team Leader.
6. Remain in Lock Down status until further instructions or an announcement is made. One type of announcement could allow you to continue classroom activities while the school is in **Lock Out** status. The Lock Down status could also be escalated to **Active Shooter on Campus**.
7. If the intruder enters your classroom or area, do not provoke the intruder. Remain calm and attempt to defuse/deescalate any aggressive behavior by the intruder by using MOAB (Management of Aggressive Behavior) training.

Principal or Designee

1. Assess the situation to determine status level of threat.
2. Call 9-1-1 if there is an indication of danger to students or staff.
3. Activate the Incident Command System. You are the Incident Commander.
4. Notify teachers and staff if there is a need for a **Lock Out** or a **Lock Down**.
5. Notify the Superintendent either by phone, email, or District radio.
6. Keep telephone lines open for emergency-related use.

District Office

1. The Superintendent will send out a notice to the parents on its phone notification system of the following:
 - a) The need to release students immediately or if there will be a delay in dismissing the students.
 - b) If there is a need for them to pick up their children at a different time or location.
 - c) That there was a Lock Down, the reason for the Lock Down, and the steps taken to secure the students.
2. It is recommended that, if possible, at least two administrators or designated staff respond to the specific school site to assist with coordinating and assisting the school site Principal.
3. When other emergency response agencies arrive, a **UNIFIED COMMAND** is formed, and you will be part of that Unified Command as the Incident Commander of your school site.

4. Refer media to the Public Information Officer (Site Principal or Unified Command PIO).

Part 11: Lock Down - Active Shooter on Campus

When a Lock Down is escalated to an **Active Shooter on Campus**, there are three words to remember. Run, Hide & Fight! The following tips can help you become a survivor. Remain calm, and try to keep your breathing even and exhale quietly to release adrenaline energies. Visualize enduring and surviving this event.

Teachers and Staff

When an announcement is made of an Active Shooter on Campus or you hear gun shots...

RUN! When an active shooter is **NOT** in your immediate vicinity:

1. If there is an escape path, attempt to evacuate away from the shooter or where shots have been fired.
2. Evacuate whether others agree to or not.
3. Leave your belongings behind – **JUST GET OUT.**
4. Help others escape if possible.
5. Prevent others from entering the danger area.
6. Call 9-1-1 when you are safe.

HIDE! If evacuation is not possible, find a place to **QUIETLY** hide:

1. Lock and blockade all doors with furniture as high and deep as possible (i.e. desks, chairs, bookcases).
2. Silence all cell phones and anything that might vibrate, ring, or emanate a tone.
3. Hide behind large objects.
 - a. Be out of the shooter's view.
 - b. Provide protection if shots are fired in your direction
 - c. Do restrict your options for movement.
4. Remain very quiet.

FIGHT! As a last resort, and only if your life is in danger:

1. Attempt to incapacitate the shooter.
2. Act with physical aggression.
3. Utilize any improvised weapons available, including, but not limited to, fire extinguishers.
4. Commit to your actions. Have the will to survive and protect your students.

Principal or Designee

1. Assess the situation.
2. Inform the school via PA that a shooter is on campus and the location if known.
3. Call 9-1-1 immediately or when safe to do so.
4. If your site has video surveillance equipment, monitor the shooter's movements and inform your staff via email.

Section 3: Disaster Procedures
Part 12: Severe Windstorm Procedures

Severe Windstorm Procedures (page 1 of 1)

If a severe wind warning is received at a District school or site, notify the District Superintendent immediately.

If a severe wind warning is received at the District Office, the District EOC should be activated.

Based upon the specific threat, the District EOC in conjunction with the Operational Area EOC or City EOC will develop an action plan to protect personnel, students and facilities.

In general, if severe winds are affecting a school or facility, employees and students should be moved to the interior core area of the building (inside wall on the ground floor) away from outside windows and doors.

Close all windows and blinds and avoid auditoriums, gymnasiums and other building locations that have large roof areas or spans.

Avoid all areas that have large concentrations of electrical equipment or power cables.

Suspicious Mail/Packages (page 1 of 2)

All incoming mail and packages should be handled with caution.

Below are Indicators of suspicious mail and steps to take in the event that suspicious mail is received.

Mail that ...

- ... is unexpected or from an unfamiliar source
- ... has excessive postage
- ... is addressed to someone who no longer works in the District
- ... is addressed to a current employee but with the wrong title
- ... contains several misspelled words on the envelope
- ... marked with restrictive endorsements such as "Personal" or "Confidential"
- ... has no return address or an address that cannot be verified
- ... mail that is from a foreign country
- ... shows a city or state in the postmark that doesn't match the return address
- ... is lopsided, oddly shaped, or has an unusual weight, given its size
- ... has protruding wires, strange odors or stains
- ... has powdery substance on the outside
- ... has an unusual amount of tape on it
- ... is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so it is important that employees handling mail remain sensible in the screening of mail. However, prudent scrutiny conducted in a reasonable manner can greatly reduce the school's chances of becoming the victim of attack by mail.

Suspicious Mail/Packages (page 2 of 2)

What to do with suspicious mail (general response):

- Do not try to open the package or envelope.
- Do not sniff, taste or shake the package.
- Isolate the package.
- Evacuate the immediate area; close the door.
- Contact your supervisor and call 911.

Response to mail suspected of delivering biological/chemical agents in powder form:

- Do not open an envelope or package with powder on the outside.
- If powder is spilled from an envelope or package, do not try to clean up the powder.
- Cover the spilled contents immediately with anything (clothing, paper, trash can).
- Do not remove this cover.
- Leave the room and close the door or otherwise prevent access to the room.
- Wash your hands with soap and hot water.
- Have everyone who had contact with the piece of mail wash his/her hands with soap and hot water.
- Notify your supervisor.
- Supervisor should immediately contact the local police (911) or the U.S. Postal Inspection Service (626-405-1200).
- Supervisor should notify the District Superintendent's Office.
- Remove heavily contaminated clothing as soon as possible and place inside a plastic bag or some other container that can be sealed. This clothing should be given to the responding emergency response units.
- Shower with soap and water as soon as possible. Do not use bleach or other disinfectant on your skin.
- Make a list of all the people who were in the room or area, especially those who had contact with the envelope or package. Provide this list to the emergency response teams investigating the incident.
- Investigators will remove the envelope or package and conduct a thorough check of the area for contamination.
- If you are prescribed medicine as a result of this exposure, take it until instructed or until it runs out.

NOTE: Contacting the U.S. Postal Service is less likely to create a media event than the local police but their response may be slower.

Part 14: Africanized Honey Bees

Africanized Honey Bees (page 1 of 2)

INFORMATION ON BEES

- Africanized bees like to colonize in utility boxes, burrows, sheds, vacant building, trashcans, playground equipment, walls, hollow trees, etc.

Recognizing a Possible Nest:

- Bees hovering or flying in and out of an area of particular location
- Humming sound inside the location

Do not disturb a nest; don't throw rocks or objects at the nest.

If they are not attacking slowly and quietly move away from nests and notify principal or designated authority.

One sting from an Africanized bee is no different than a regular bee sting, unless you are allergic to stings. It is the multiple stings that become dangerous.

Colonies of bees will not swam and hunt you down. They are coming to their defense of their colonies and are much more likely to sting with little or no provocation.

Africanized bees attack in greater numbers and attack people and animals within a range of a Quarter mile from their hive.

Once disturbed, colonies may be agitated for 24 hours.

Sometimes machinery such as mowers, trimmers, or chain saws aggravates the colony.

WHAT TO DO IF A BEE ATTACKS

Run away quickly using a direct route to a shelter, classroom, car, room, and tent. You may have to run up to ½ a mile.

Bees like to target head and eye areas, cover your head as much as possible. Cover your head with anything even use your clothing if you have to. Stings to the body are less dangerous than to the head area.

Do not jump in water. The bees will wait for you to surface and then attack.

Run to a shelter and close all doors and windows. Don't worry if a few of the bees get inside with you.

Don't flair or attempt to swat the bees just to get away. If there is no shelter, run through tall brush; you may be able to confuse them.

MEDICAL TREATMENT

CALL 9-1-1 IMMEDIATELY.

Do not use tweezers or your fingers to pull out or remove stingers. This will only Release more toxins. Immediately scrape stingers sideways from skin using a plastic card, blunt instrument, or even a dull knife.

Seek medical treatment.

Notifying Teachers of Dangerous Pupils (page 1 of 3)

When the principal at Muscatel Middle School is aware that a student has caused or tried to cause another person serious bodily injury, or any injury that requires professional medical treatment, a separate and confidential file is created for that child. Information based upon written District records or records received from a law enforcement agency are contained in the file.

When such a student is assigned to a teacher's classroom, the principal shall provide the teacher with written notification. The teacher is asked to review the student's separate and confidential file in the office. Teachers are informed that such information is to be kept in strictest confidence and is to disseminate no further.

Excerpts from the California Education Code, the California Penal Code and Rosemead School District Administrative Regulations are presented below.

From California Education Code Section 49079

Notice Regarding Student Crimes and Offenses

The Superintendent or designee shall inform the teacher of every student who has engaged in, or is reasonably suspected to have engaged in, any act during the previous three years which could constitute grounds for suspension or expulsion, with the exception of the possession or use of tobacco products. This information shall be based upon written district records or records received from a law enforcement agency. (California Education Code 49079).

When informed pursuant to Welfare and Institutions Code 828.1 that a student has committed crimes unrelated to school attendance which do not therefore constitute grounds for suspension or expulsion, the Superintendent or designee may so inform any teacher, counselor or administrator whom he/she believes needs this information in order to work with the student appropriately, avoid being needlessly vulnerable, or protect others from needless vulnerability. The Superintendent or designee shall consult with the principal of the school which the student attends in order to identify staff that should be so informed. (California Welfare and Institutions Code 828.1).

Teachers shall receive the above information in confidence and disseminate it no further. (California Education Code 49079, California Welfare and Institutions Code 828.1).

The principal or designee shall maintain the above information in a separate confidential file for each student. When such a student is assigned to a class/program, the principal or designee shall notify the teacher in writing and ask the teacher to initial this notice, return it to the principal or designee, and review the student’s file in the school office. Removal from Class by a Teacher/Parental Attendance (page 1 of 2)

From Rosemead School District Administrative Regulations 5144.1(d) – Suspension and Expulsion/Due Process

A teacher may suspend any student from his/her class, for the day of suspension and the next day for any act listed in “Grounds for Suspension and Expulsion” above.

A teacher also may refer a student to the principal or designee for consideration of suspension from school.

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student’s parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable. A school administrator may attend the conference if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal.

A student removed from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended.

The teacher of any class from which a student is removed may require the suspended student to complete any assignments and tests missed during the suspension.

Pursuant to Board policy, a teacher may require the parent/guardian of a student whom the teacher has suspended to attend a portion of a school day in his/her child’s classroom. When a teacher makes this requirement, the principal shall send the parent/guardian a written notice that the parent/guardian’s attendance is pursuant to law.

From Rosemead School District Administrative Regulations 5144.1(e) – Suspension and Expulsion/Due Process

The Superintendent, principal, or principal’s designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student has obtained prior written permission to possess the item from a certificated school employee, with the principal or designee’s concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under “Grounds for Suspension and Expulsion” above.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (1)-(5) listed in “Grounds for Suspension and Expulsion” above or if the student’s presence causes danger to persons or property or threatens to disrupt the instructional process.

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion.

1. Informal Conference

supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense.

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions

All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior.

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians

At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

This notice shall state the reasons for suspension and the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference

Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student’s behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension

If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student’s parent/guardian were invited to participate, that the student’s presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. From Rosemead School District Administrative Regulations 5144/1(j) – Suspension and Expulsion/Due Process

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a)).

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Conduct of Expulsion Hearing (page 1 of 4)

From Rosemead School District Administrative Regulations 5144.1(l) - Suspension and Expulsion/Due Process

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session.

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television.

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made.
3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion."

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of harm.

 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person who he/she finds disrupting the hearing.
 - e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
 - f. Evidence of specific instances or prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person.  - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.
- 5. Decision Within Ten Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed.
- 6. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed.
- 7. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20 (formerly 11525). (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel (page 1 of 1)

From Rosemead School District Administrative Regulations 5144.1(o) – Suspension and Expulsion/Due Process

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled.

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in “Conduct of Expulsion Hearing.”

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See “Final Action by the Board” below.)

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the finding of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order.

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See “Suspension of Expulsion” below.)

The Board shall make its decision about the student’s expulsion within 40 school days after the date of the student’s removal from school unless the student requests in writing that the decision be postponed.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs

From Rosemead School District Administrative Regulations 5144.1(r) – Suspension and Expulsion/Due Process

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year.

When deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

In cases of mandatory expulsion, the enforcement of an expulsion order shall not be suspended.

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on a probationary status.
3. The Board may revoke the suspension of the enforcement of an expulsion order if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.

Students with Disabilities (page 1 of 8)

From Rosemead School District Administrative Regulations 5144.2(a-h) – Suspension and Expulsion/Due Process

Suspension

The Superintendent or designee may suspend a student with a disability from their current placement for up to 10 school days for any violation of school rules to the extent removal would be applied to a child without disabilities. In such a case, a public agency need not provide services for 10 school days or less if services are not provided to a child without disabilities who is similarly removed.

All the procedural safeguards established by district policies and regulations shall be observed in considering the suspension of students with disabilities.

Monitoring of Suspensions

When a special education student is suspended 10 or more consecutive days, it constitutes a change of placement.

A change of placement occurs if:

1. The removal is for more than 10 consecutive school days; or
2. The child is subjected to a series of removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another.

Whether a pattern of removals constitutes a change of placement would be determined on a case by case basis subject to review through due process and judicial proceedings.

The provisions of the statute and regulation concerning the amount of time a child with a disability can be removed from his or her regular placement for disciplinary reasons are only called into play if the removal constitutes a change of placement and the parent/guardian objects to proposed action by school officials (or objects to a refusal by school officials to take an action) and requests a due process hearing.

Either before or not later than 10 business days after first removing the child for more than 10 school days in a school year or commencing a removal that constitutes a change in placement;

1. If a functional behavioral assessment was not conducted and a behavioral intervention plan was not implemented for such child before the behavior that resulted in the suspension, an IEP meeting shall be convened to develop an assessment plan to address that behavior; or
2. If the child already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

If a disciplinary action is contemplated for a child with a disability or if a disciplinary action involving a change of placement for more than 10 days is contemplated for a child with a disability who has engaged in behavior that violated any rule or code of conduct that applies to all children;

1. Not later than the date on which the decision to take that action is made, the parents shall be notified of that decision and of all procedural safeguards accorded under the law; and
2. Immediately, if possible, but in no case later than 10 school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the child's disability and the behavior subject to the disciplinary review. A review shall be conducted by the child's IEP team and other qualified personnel.

The IEP team and other qualified personnel in the meeting may determine that the behavior of the child was not a manifestation of the child's disability only if the IEP team first considers, in terms of the behavior subject to disciplinary action, all relevant information, including;

1. Evaluation and diagnostic results, including such results or other relevant information supplied by the parents of the child;
2. Observations of the child; and
3. The child's IEP and placement; and
 - a. then determines that, in relationship to the behavior subject to disciplinary action, the child's IEP and placement were appropriate and the special education services,

- supplementary aids and services, and behavior intervention strategies were provided consistent with the child's IEP and placement;
- b. the child's disability did not impair the ability of the child to understand the impact and consequences of the behavior subject to disciplinary action; and
- c. the child's disability did not impair the ability of the child to control the behavior subject to disciplinary action.

Immediate steps will be taken to remedy any deficiency in the IEP, placement or implementation.

Based on its findings, the IEP team shall determine whether to initiate alternatives to suspension, a change in placement, or other changes to the student's IEP or accommodation plan.

If the IEP team determines that the behavior was not a manifestation of the child's disability, the discipline procedures applicable to children without disabilities may be applied.

Expulsion

Procedures and timelines governing the expulsion of students with disabilities shall be the same as those for all other students, except that a pre-expulsion assessment shall be made and an IEP team meeting held under conditions and with possible consequences indicated below.

Pre-Expulsion Assessment and Meeting

1. The parent/guardian shall receive written notice of the district's intent to conduct the pre-expulsion assessment and shall make the student available for the assessment without delay at a site designated by the district. The parent/guardian shall also have the right to an independent assessment as provided in Education Code 56329.
2. The pre-expulsion assessment shall be conducted in accordance with the guidelines of the Code of Federal Regulations.

- a. If a functional behavioral assessment was not conducted and a behavioral intervention plan was not implemented for such child before the behavior that resulted in the removal, an IEP meeting shall be convened to develop an assessment plan to address that behavior; or
 - b. If the child already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.
3. If an expulsion proceeding is contemplated, the IEP team shall meet to determine if an expulsion hearing is appropriate. This meeting shall be held at a time and place mutually convenient to the parent/guardian and district within the period, if any, of the student's pre-expulsion suspension. The parent/guardian's participation may be made through actual participation, representation, or a telephone conference call.
- a. Not later than the date on which the decision to take disciplinary action is made, the parents shall be notified of that decision and of all procedural safeguards accorded under the law; and
 - b. Immediately, if possible, but in no case later than 10 school days after the date on which the decision to take disciplinary action is made, a review shall be conducted of the student's placement and of the relationship between the child's disability and the behavior subject to the disciplinary review, a review shall be conducted by the child's IEP team and other qualified personnel.
4. The parent/guardian shall be notified of his/her right to participate in the meeting at least 48 hours before the meeting. This notice shall specify:
- a. That the meeting may be held without the parent/guardian's participation unless he/she requests a postponement for up to three additional school days, and
 - b. That the suspension will be continued during the postponement if the student continues to pose an immediate threat to the safety of himself/herself or others.
5. In order to make a record of its attempts to arrange the meeting at a mutually convenient time and place, the district shall keep documentation such as:

- a. Detailed records of telephone calls made or attempted and the results of those calls.
 - b. Copies of correspondence sent to parents/guardians and any responses received.
 - c. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits.
6. The district shall grant a parent/guardian's request that the meeting be postponed for up to three additional school days and may extend a student's suspension for the period of postponement if he/she continues to pose an immediate threat to the safety of himself/herself or others and the district notifies the parent/guardian that the suspension will be continued during the postponement. However, the suspension shall not be extended beyond 10 consecutive school days unless agreed to by the parent/guardian or pursuant to court order. If the parent/guardian refuses to consent to an extension beyond 10 consecutive school days and chooses not to participate, the meeting may be conducted without the parent/guardian's participation.
7. The IEP team and other qualified personnel in a meeting may determine that the behavior of the child was not a manifestation of the child's disability only if the IEP team first considers all of the following:
- a. The IEP team considers all relevant information regarding the behavior subject to disciplinary action, including:
 - (1) Evaluation and diagnostic results of the pre-expulsion assessment, including such results of other relevant information supplied by the parents of the child, and the student's health and discipline records;
 - (2) Observations of the child; and
 - (3) The child's IEP and placement;
 - b. The IEP team determines that, in relationship to the behavior subject to disciplinary action, the child's IEP and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the child's IEP and placement; and

- c. The IEP team determines that the child's disability did not impair the ability of the child to understand the impact and consequences of the behavior subject to disciplinary action; and
 - d. The IEP team determines that the child's disability did not impair the ability of the child to control the behavior subject to disciplinary action.
8. If the IEP team determines that the alleged misconduct was caused by, or was a direct manifestation of, the student's disability or that the student was not appropriately placed, the expulsion shall not proceed. If the IEP team determines that the IEP, placement or implementation of the IEP was deficient, immediate steps will be taken to remedy any deficiency.
9. If the IEP team determines that the alleged misconduct was not caused by, or a direct manifestation of, the student's disability, and if it is determined that the student was appropriately placed, the student shall be subject to expulsion in accordance with procedures that apply to all students.
10. When expulsion is recommended, the IEP team should also recommend a potential rehabilitation plan for the student, if appropriate. In addition, the IEP team shall determine whether to initiate alternatives to expulsion, a change in placement, or other changes to the student's IEP or accommodation plan.

Due Process and Expulsion Hearings

If the parent/guardian disagrees with the decision of the IEP team, he/she has a right to a due process hearing conducted pursuant to United States Code, Title 20, Section 1415 or the Code of Federal Regulations, Title 34, Section 104.36.

The expulsion hearing shall not be conducted, and the 30-day expulsion proceedings time limit shall not commence, until after completion of:

1. The pre-expulsion assessment,
2. The IEP team meeting, and

Students with Disabilities (page 7 of 8)

3. Due process hearings and appeals, if initiated.

The district may change the placement of a child with a disability to an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than 45 days, if

1. the child carries a weapon to school or to a school function; or
2. the child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.

An interim alternative educational placement is applicable to the extent permitted by both Federal and California law.

When a parent/guardian requests a hearing to challenge a disciplinary action, or a manifestation determination, the child shall remain in his or her current educational placement, unless the parent/guardian and the district agree otherwise. If a child is in an interim alternative educational setting ("IAES") he or she shall remain there during the pendency of the hearing or until the expiration of the 45 day period, whichever occurs first, unless the parent/guardian and the district agree otherwise.

If a child is placed in an interim alternative educational setting and the district proposes to change the child's placement after expiration of the IAES, during the pendency of a hearing to challenge the proposed change in placement, the child shall remain in the current placement (the placement prior to the interim alternative educational setting), except if the district maintains that it is dangerous for the child to be in the current placement during the pendency of the hearing, the district may request an expedited hearing, to the extent expedited hearings are permitted by California law. In such hearing, the hearing officer must apply the standards which apply to the dangerousness exception.

The Board shall consider the recommendations of the IEP team when developing a rehabilitation plan for an expelled student with a disability.

Services During Expulsion

Services shall be provided to the extent necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP.

Readmission

Readmission procedures for students with disabilities shall parallel those used for all students. The Superintendent or designee may consider the input of the student's IEP team - when developing recommendations to the Board regarding a request for readmission. Upon readmission, an IEP team meeting shall be convened to determine whether a new IEP or accommodation plan needs to be established.

Suspension of Expulsion

The Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities just as they are applied to regular students.

Nothing in this part shall be construed to prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

An agency reporting a crime committed by a child with a disability shall provide copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom it reports the crime.

Students not yet eligible may assert IDEA protections if it is shown the school district had knowledge that the child had a disability before the behavior incident.

The district shall be deemed to have such knowledge if:

1. Parent/guardian has expressed concern in writing to school personnel that the child is in need of special education;
2. Parent/guardian has requested an evaluation;
3. The behavior or performance of the child demonstrates need for special education; or
4. The teacher or other school personnel expressed concern about the child's behavior or performance to the special education director or to other school personnel.

Concern must be expressed in accordance with the districts established child find or special education referral systems. *Legal Reference: (see next page)*

Section 6: Sexual Harassment Policy
Part 1: General Information

General Information (page 1 of 1)

The administration, teachers and staff at Muscatel Middle School actively strive to eliminate acts of sexual harassment at the school. All personnel are aware of the mandates from the State of California, the California Department of Education, and the Board of Education of the Rosemead School District and support them fully. All personnel have received instruction regarding the recognition, prevention, and reporting of acts of sexual harassment. It is important that parents understand the provisions regarding sexual harassment and, in particular, student-to-student harassment. In recent years, this area of sexual harassment has been more clearly delineated in federal and state legislation as well as in our District's policies.

ALCOHOL AND OTHER DRUGS

The Board of Trustees believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The Board desires to keep district schools free of alcohol and other drugs and desires that every effort be made to reduce student use of these substances.

The Superintendent or designee shall develop a comprehensive prevention program that includes instruction, intervention, recovering student support and enforcement/discipline. The district's program shall be reviewed every two years.

The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the district's policies, regulations and school rules related to the use of alcohol and drugs on school campuses or at school activities.

The Board encourages staff to display attitudes and behaviors that made them positive role models for students with regard to alcohol and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate.

Because keeping schools free of alcohol and other drugs is a concern common to the district and community, the Board supports cooperation among schools, parents/guardians, law enforcement and other appropriate community organizations involved in preventing alcohol and other drug abuse.

To obtain the widest possible input and support for district policies and programs, the district shall have a districtwide citizen advisory committee to make recommendations related to the prevention of alcohol and other drug abuse.

The Board also encourages the use of site-level advisory groups to promote alcohol- and drug-free schools.

INSTRUCTION

The district shall provide preventative instruction which helps students avoid the use of alcohol or other drugs. Comprehensive, age-appropriate K-8 instruction shall address the legal, social and health consequences of drug and alcohol use.

All instruction and related materials shall discourage unlawful use of alcohol or other drugs and shall not include the concept of responsible use when which use is illegal.

Teachers shall be trained to answer students' questions related to alcohol and drugs and to help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

INTERVENTION

The Board recognizes that there may be students on our campuses who use alcohol and other drugs and can benefit from intervention. The Board supports intervention programs that include the involvement of students, parents/guardians and community agencies/organizations. Students and parents/guardians shall be informed about the signs of alcohol and other drug use and about appropriate agencies offering counseling and rehabilitation for students and their family members.

The Board believes that school personnel must be trained to identify symptoms that may indicate use of alcohol and other drugs. The superintendent or designee shall clarify the roles and responsibilities of staff and law enforcement in working with, intervening, and reporting students suspected of using alcohol or other drugs.

Nonpunitive Self-Referral

The Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or every program shall not be disciplined for such use.

Recovering Student Support

The Board desires to support recovering students in avoiding reinvolvement with alcohol and other drugs by providing school activities and support services that enhance recovery.

Enforcement/Discipline

The Superintendent or designee shall take appropriate action to eliminate possession, use or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students.

Instruction

Students shall receive instruction by appropriately trained instructors about the nature and effects of alcohol and other drugs, including dangerous drugs defined by Health and Safety Code 11032.

Site administrators shall determine that drug education instructors are appropriately trained, having demonstrated that they possess:

1. The ability to interact with students in a positive way.
2. Knowledge of the properties and effects of tobacco, alcohol, narcotics, and dangerous drugs, and shared drug apparatus.
3. Effective teaching skills and competency in helping students to express opinions responsibly and to become aware of their values as they affect drug-use decisions.

In grades 4-8, instruction shall include a study of the effects of alcohol and other drugs upon the human system, as determined by science.

In grades 1 through 6, instruction in drug education should be given in health course required by Education Code 51210.

In grades 7 and 8, instruction in drug education shall be conducted in science courses and in any other appropriate area of study required by Education Code 51220.

Instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level.

Secondary school instruction shall include a study of the effects of alcohol and other drugs upon prenatal development, as determined by science.

The district drug education program shall augment any program provided by county drug education services.

Staff shall take every opportunity to cooperate with county staff in planning and implementing collaborative alcohol and drug prevention programs.

Intervention

The staff shall intervene whenever students use alcohol and other drugs while on school property or under school jurisdiction. Staff members who believe that a student may be under the influence of alcohol or drugs shall immediately notify the principal or designee.

If the principal or designee knows, observes or suspects that the student may be under the influence of alcohol or drugs, he/she shall notify the parent/guardian.

However, schools staff shall not disclose confidential information provided during counseling by a student 12 years of age or older. School counselors may report such information to the principal or parents/guardians only when they believe that disclosure is necessary to avert a clear and present danger to the health, safety or welfare of the student or other persons living in the school community. They shall not disclose such information to the parent/guardian if they believe that the disclosure would result in a clear and present danger to the student's health, safety or welfare.

In severe cases, if the parents/guardians or the school medical personnel are not immediately available, the principal is authorized to call an ambulance to remove the student to a hospital. Parents/guardians will be notified of this action and shall be responsible for the incurred expenses.

Confiscation Of Electronic Signaling Devices

Because electronic signaling devices (beepers, cellular telephones, etc) are sometimes used to facilitate illegal drug transactions, the possession or use of such devices by students is prohibited on school premises, at all school-sponsored activities, and at any time while students are under the supervision and control of district employees. An exception shall be made only when the principal or designee has determined that the beeper is essential for the student's health and then shall be used only for health purposes. The Superintendent or designee shall confiscate beepers from students.

Enforcement/Discipline

1. Possession or use of alcohol or illegal drugs
 - a. When any student uses or possesses alcohol or illegal drugs at school or while under school jurisdiction, the following shall result:
 - (1) Parent/guardian contact.
 - (2) One-to-five day suspension.
 - (3) Contact law enforcement authority within one school day of the suspension.
 - (4) Restriction from school activities.
 - b. In addition, the following action may be taken.
 - (1) Recommendation of expulsion.
 - (2) Referral to an appropriate community counseling program with the expectation that at least one counseling session will be held during the time of suspension.
 - (3) Transfer/alternative placement.

2. Continued use or possession of alcohol or other drugs

When intervention efforts fail and the student continues to use or possess alcohol or other drugs at school or any school activity, he/she shall be expelled. The Board may suspend the expulsion and may assign the student to a school, class or program appropriate for the student's rehabilitation.

3. Selling or providing

(1) Parent/guardian contact.

(2) Suspension with recommendation of expulsions.

(3) Law enforcement contact within one school day of suspension.

b. Staff shall notify the principal or designee immediately upon suspecting a student is selling or providing alcohol and other drugs. The principal or designee may notify law enforcement prior to confronting or searching the student.

c. A search for drugs may be made in accordance with the provisions of law, Board policy, and administrative regulations

d. When there is good evidence that a student has actually sold or provided alcohol or other drugs or drug paraphernalia on or about the school premises or at school-sponsored functions, law enforcement must be notified.

Biennial Program Review

The Superintendent or designee shall review the district's alcohol and drug education program every two years in order to determine its effectiveness, implement any needed changes, and encourage that related disciplinary procedures are being consistently enforced.

Senate Bill No. 334

CHAPTER 996

An act to amend Sections 35294.1, 35294.5, 35294.6, 35294.7, 35294.8, and 35294.9 of, to add Article 10.4 (commencing with Section 35294.10) to Chapter 2 of Part 21 of, and to amend and repeal Section 35294.2 of, the Education Code, to add Sections 1170.17 and 1170.19 to the Penal Code, and to amend Sections 602, 606, 625.3, 628.1, 629, 656.2, 676, 676.5, 827, 827.5, and 1120.1 of, to amend and renumber Section 827.1 of, to add Sections 602.5, 725.1, and 730.7 to, and to repeal and add Section 827.6 of, the Welfare and Institutions Code, relating to youthful offenders, and making an appropriation therefore.

[Approved by Governor October 10, 1999. Filed with Secretary of State October 10, 1999.]

I am signing Senate Bill No. 334; however, I am deleting specified appropriations made by this bill as described below.

This bill establishes the School Safety and Violence Prevention Strategy and makes an appropriation therefore to the Superintendent of Public Instruction; repeals the January 1, 2000, sunset clauses in existing law for the development and implementation of school safety plans; makes an appropriation to the Board of Corrections to carry out the At-Risk Youth Early Intervention Program; makes several revisions to existing statutes relating to juvenile criminal procedure; requires the Department of the Youth Authority to develop a high school graduation plan for each ward who has not attained a high school diploma or equivalent certificate and to enroll that ward in an appropriate educational program; and makes appropriations to the Counties of Riverside, San Diego, and San Francisco for specified programs.

I approved a \$100 million augmentation in the 1999 Budget Act for school safety to fund school district safety initiatives such as school counselors, school psychologists, fencing, and video cameras. Consequently, I am deleting the \$5 million appropriation to the Superintendent of Public Instruction to carry out the School Safety Violence Protection Act program.

In addition, I am deleting the appropriations of \$1.5 million to the Board of Corrections; \$1.5 million to the County of Riverside to expand the Project Bridge Gang Crime Prevention Program; and \$3 million in 1999–00 and an additional \$1 million in both 2000–01 and 2001–02 to the County of San Diego for the purchase and operation of the San Pasqual Academy. I believe these appropriations should be considered within the context of the annual budget process, competing with other General Fund priorities.

However, I am sustaining the \$1.8 million appropriation to the City and County of San Francisco to acquire and install surveillance cameras on its municipal railway public transit vehicles; this appropriation was erroneously deleted in the 1999 Budget Act.

GRAY DAVIS, Governor

LEGISLATIVE COUNSEL'S DIGEST

SB 334, Alpert. Youthful offenders: education.

(1) Existing law, the Arnold-Kennick Juvenile Court Law,

provides that any person who is under the age of 18 years when he or she violates any criminal law while in this state, except an age curfew ordinance, comes within the jurisdiction of the juvenile court, which may adjudge the person a ward of the court. Existing law also sets forth various provisions governing the adjudication of juvenile court cases, the transfer of certain juvenile court cases to criminal court, the detention of juveniles prior to hearing, the conduct of juvenile court hearings, judgments and orders governing wards of the juvenile court, and juvenile court records.

This bill would enact the “ ‘No More Victims’ Violence Prevention and School Safety 2000 Strategy,” setting forth the findings and declarations of the Legislature regarding juvenile crime. The bill would also revise and recast various provisions of the Arnold-Kennick Juvenile Court Law with respect to the direct prosecution of certain juvenile repeat offenders who are 16 years of age or older in a criminal court, the sentencing of juvenile offenders who are convicted in a court of criminal jurisdiction, the assessment of the mental health status of juveniles armed during a felony or attempted felony, the conditions of release from secure detention, public attendance at juvenile court hearings, the rights of victims of juvenile crime to attend juvenile court hearings with support persons and to present victim impact statements, the notification of the Department of Justice by the juvenile court regarding minors adjudged a ward of the court for specified criminal offenses, reports to the court by a juvenile regarding the payment of restitution or performance of community service, and the disclosure by a law enforcement agency of the names of juveniles 14 years of age or older who are alleged to have committed a serious or violent felony, as defined. The bill would impose a state-mandated local program by revising the elements of a crime regarding the confidentiality provisions governing records of pupils who have been declared wards of the juvenile court, violation of which is a misdemeanor.

(2) Existing law requires the Department of the Youth Authority to establish the office of the Superintendent of Education to oversee educational programs under the jurisdiction of the department.

This bill would require the department to ensure that each ward who has not attained a high school diploma or equivalent shall be enrolled in an appropriate educational program as deemed necessary by the department, and to develop a high school graduation plan for that ward.

(3) Existing law declares the intent of the Legislature that all California public schools operated by school districts develop a comprehensive school safety plan. Existing law requires that the comprehensive school safety plan include, but not necessarily be limited to, among other things, assessing the current status of school crime committed on school campuses and at school-related functions and identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school’s procedures for complying with existing laws related to school safety.

Under existing law, the governing board of a school district, on

behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans, and the Superintendent of Public Instruction is required to award those grants in the 1989–90, 1990–91, and 1991–92 fiscal years, in an amount not to exceed \$5,000.

Existing law requires that the comprehensive school safety plan be evaluated and amended, as needed, by the schoolsite council or the school safety planning committee no less than once a year. Existing law requires that each school adopt its comprehensive school safety plan by September 1, 1998.

Existing law requires each school to forward its comprehensive school safety plan to the school district or county office of education for approval. Existing law requires each school district or county office of education to notify the State Department of Education by October 15, 1998, of any schools that have not complied with the requirement of developing a comprehensive school safety plan.

Under existing law, these provisions would be repealed on January 1, 2000, however, the comprehensive school safety plan would continue to be evaluated and amended by the schoolsite council.

This bill would extend the operative date of those provisions indefinitely and would instead require each school to adopt its comprehensive school safety plan by March 1, 2000, and to review and update the plan by March 1 every year thereafter. The bill would also require each school district or county office of education to notify the State Department of Education annually of any schools that have not complied with the requirement of developing a comprehensive school safety plan. The bill would require, commencing in July 1, 2000, and every July thereafter, each school to report on the status of its school safety plan, including a description of its key elements in the school accountability report card otherwise required by law.

(4) Under existing law, various programs are designed to promote school safety and prevent school violence including, among others, the Interagency School Safety Demonstration Act of 1985, the School Community Policing Programs, and provisions pertaining to the development of school safety plans.

This bill would establish the School Safety and Violence Prevention Strategy Program, to be administered by the Superintendent of Public Instruction for the purpose of promoting school safety and violence prevention programs among children and youth in the public schools. The bill would require the Superintendent of Public Instruction, in conjunction with the Attorney General, to develop guidelines and standards for evaluating grant applications, and to award grants on a competitive basis to schools that develop school safety plans and demonstrate a collaborative and coordinated approach for implementing a comprehensive school safety and violence prevention strategy to be used for certain purposes, including, but not limited to, providing counselors who are specially trained in identifying and supporting at-risk children and youth. The bill would require the Superintendent of Public Instruction and the Attorney General to cooperatively design an evaluation process for

the program and activities established under the School Safety and Violence Prevention Strategy, and to report to the Legislature by January 1 of each year on those programs. The bill would also require a school principal to disseminate information regarding a minor who has been found to have committed any specified felony or misdemeanor to a teacher or administrator, as specified.

The bill would appropriate \$5,000,000 from the General Fund to the Superintendent of Public Instruction to carry out the program. The bill would provide that these funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution. The bill would appropriate \$1,500,000 from the General Fund to the Board of Corrections for the At-Risk Youth Early Intervention Program, as specified. The bill would also appropriate \$3,000,000 to the County of San Diego for the purchase of the San Pasqual Academy, as specified, \$1,800,000 to the City and County of San Francisco for the purchase and installation of surveillance cameras on the public transit vehicles of the municipal railway, and \$1,500,000 to the City of Riverside for the purpose of expanding the operation of the Project Bridge Gang crime prevention program.

(5) Because the provisions of the bill described above increase the duties of school officials, court personnel, law enforcement officers, and various other local officials, this bill would impose a state-mandated local program.

(6) The bill would incorporate additional changes to Section 827 of the Welfare and Institutions Code made by SB 199 and SB 792, to take effect if one or both bills are enacted and this bill is enacted last.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the “ ‘No More Victims’ Violence Prevention and School Safety 2000 Strategy.”

SEC. 2. The Legislature declares each of the following findings:

(a) Ensuring the safety of the people of California from serious and violent crime is the most profound obligation of state and local government.

(b) The fundamental goal of California’s crime policy must be to

prevent crime before it occurs and to reduce the number of Californians who are victims of crime. The commitment to fighting crime and ending violence in our society ultimately must be a “No More Victims” strategy aimed not only at short-term crime control, but also at long-term crime prevention.

(c) Safe schools, safe families, and safe communities are the cornerstones of a just and prosperous society. A comprehensive crime and violence prevention strategy must be based on these three essential elements of our California community.

(d) The juvenile justice system must respond to youth crime by protecting our communities, restoring losses suffered by victims, and reforming juvenile offenders into productive, law-abiding citizens. Restitution accountability is central to restoring victims and reforming youthful offenders.

(e) Despite recent declines in the rate of arrests of juveniles for crimes of violence, statewide victimization and arrest rates of juveniles and young adults for acts involving violence remain unacceptably high.

(f) California urgently needs a comprehensive youth and gang violence prevention strategy designed to ensure the safety of our families, our schools, and our communities.

(g) The resources and responses of the California juvenile and criminal justice systems can be marshaled more effectively to control and prevent youth and gang violence.

(h) State-funded violence prevention programs are scattered among 10 or more state agencies without adequate coordination. Both the Little Hoover Commission and the Task Force to Review Juvenile Crime and the Juvenile Justice Response have recommended that youth crime and violence prevention programs be consolidated within a single state agency for greater effectiveness.

(i) Local communities need assistance, including economic assistance, to implement effective strategies and programs for the prevention of violence among youth and gangs.

(j) Model, innovative, and successful violence prevention programs must be systematically identified, implemented, and evaluated in California.

(k) The long-term health of our society depends on a renewed commitment to community-building, with an increased emphasis on crime and violence prevention, community involvement, and collaboration.

SEC. 3. Section 35294.1 of the Education Code is amended to read:

35294.1. (a) Each school district and county office of education is responsible for the overall development of comprehensive school safety plans for its schools operating any kindergarten and any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the schoolsite council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that

particular school.

(2) The schoolsite council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

(C) One parent whose child attends the school.

SEC. 12. Section 1170.17 is added to the Penal Code, to read:

1170.17. (a) When a person is prosecuted for a criminal offense committed while he or she was under the age of 18 years and the prosecution is lawfully initiated in a court of criminal jurisdiction without a prior finding that the person is not a fit and proper subject to be dealt with under the juvenile court law, upon subsequent conviction for any criminal offense, the person shall be subject to the same sentence as an adult convicted of the identical offense, in accordance with the provisions set forth in subdivision (a) of Section 1170.19, except under the circumstances described in subdivision (b) or (c).

(b) Where the conviction is for the type of offense which, in combination with the person's age at the time the offense was committed, makes the person eligible for transfer to a court of criminal jurisdiction, pursuant to a rebuttable presumption that the person is not a fit and proper subject to be dealt with under the juvenile court law, and the prosecution for the offense could not lawfully be initiated in a court of criminal jurisdiction, then either of the following shall apply:

(1) The person shall be subject to the same sentence as an adult convicted of the identical offense in accordance with the provisions set forth in subdivision (a) of Section 1170.19, unless the person prevails upon a motion brought pursuant to paragraph (2).

(2) Upon a motion brought by the person, the court shall order the probation department to prepare a written social study and recommendation concerning the person's fitness to be dealt with under the juvenile court law and the court shall either conduct a fitness hearing or suspend proceedings and remand the matter to the juvenile court to prepare a social study and make a determination of fitness. The person shall receive a disposition under the juvenile

court law only if the person demonstrates, by a preponderance of the evidence, that he or she is a fit and proper subject to be dealt with under the juvenile court law, based upon each of the following five criteria:

- (A) The degree of criminal sophistication exhibited by the person.
- (B) Whether the person can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.
- (C) The person's previous delinquent history.
- (D) Success of previous attempts by the juvenile court to rehabilitate the person.
- (E) The circumstances and gravity of the offense for which the person has been convicted.

If the court conducting the fitness hearing finds that the person is not a fit and proper subject for juvenile court jurisdiction, then the person shall be sentenced by the court where he or she was convicted, in accordance with the provisions of paragraph (1). If the court conducting the hearing on fitness finds that the person is a fit and proper subject for juvenile court jurisdiction, then the person shall be subject to a disposition in accordance with the provisions of subdivision (b) of Section 1170.19.

(c) Where the conviction is for the type of offense which, in combination with the person's age at the time the offense was committed, makes the person eligible for transfer to a court of criminal jurisdiction, pursuant to a rebuttable presumption that the person is a fit and proper subject to be dealt with under the juvenile court law, then the person shall be sentenced as follows:

(1) The person shall be subject to a disposition under the juvenile court law, in accordance with the provisions of subdivision (b) of Section 1170.19, unless the district attorney prevails upon a motion, as described in paragraph (2).

(2) Upon a motion brought by the district attorney, the court shall order the probation department to prepare a written social study and recommendation concerning whether the person is a fit and proper subject to be dealt with under the juvenile court law. The court shall either conduct a fitness hearing or suspend proceedings and remand the matter to the juvenile court for a determination of fitness. The person shall be subject to a juvenile disposition under the juvenile court law unless the district attorney demonstrates, by a preponderance of the evidence, that the person is a fit and proper subject to be dealt with under the juvenile court law, based upon the five criteria set forth in paragraph (2) of subdivision (b). If the person is found to be not a fit and proper subject to be dealt with under the juvenile court law, then the person shall be sentenced in the court where he or she was convicted, in accordance with the provisions set forth in subdivision (a) of Section 1170.19. If the person is found to be a fit and proper subject to be dealt with under the juvenile court law, the person shall be subject to a disposition, in accordance with the provisions of subdivision (b) of Section 1170.19.

(d) Where the conviction is for the type of offense which, in combination with the person's age, does not make the person eligible for transfer to a court of criminal jurisdiction, the person shall be

subject to a disposition in accordance with the provisions of subdivision (b) of Section 1170.19.

SEC. 12.1. Section 1170.19 is added to the Penal Code, to read: 1170.19. (a) Notwithstanding any other provision of law, the following shall apply to a person sentenced pursuant to Section 1170.17.

(1) The person may be committed to the Youth Authority only to the extent the person meets the eligibility criteria set forth in Section 1732.6 of the Welfare and Institutions Code.

(2) The person shall not be housed in any facility under the jurisdiction of the Department of Corrections, if the person is under the age of 16 years.

(3) The person shall have his or her criminal court records accorded the same degree of public access as the records pertaining to the conviction of an adult for the identical offense.

(4) Subject to the knowing and intelligent consent of both the prosecution and the person being sentenced pursuant to this section, the court may order a juvenile disposition under the juvenile court law, in lieu of a sentence under this code, upon a finding that such an order would serve the best interests of justice, protection of the community, and the person being sentenced. Prior to ordering a juvenile disposition, the court shall cause to be received into evidence a social study by the probation officer, prepared pursuant to Section 706 of the Welfare and Institutions Code, and shall state that the social study made by the probation officer has been read and considered by the court.

(b) Notwithstanding any other provision of law, the following shall apply to a person who is eligible to receive a juvenile disposition pursuant to Section 1170.17.

(1) The person shall be entitled a hearing on the proper disposition of the case, conducted in accordance with the provisions of Section 706 of the Welfare and Institutions Code. The court in which the conviction occurred shall order the probation department to prepare a written social study and recommendation concerning the proper disposition of the case, prior to conducting the hearing or remand the matter to the juvenile court for purposes of preparing the social study, conducting the disposition hearing pursuant to Section 706 of the Welfare and Institutions Code, and making a disposition order under the juvenile court law.

(2) The person shall have his or her conviction deemed to be a finding of delinquency wardship under Section 602 of the Welfare and Institutions Code.

(3) The person shall have his or her criminal court records accorded the same degree of confidentiality as if the matter had been initially prosecuted as a delinquency petition in the juvenile court.

(4) Subject to the knowing and intelligent consent of both the prosecution and the person being sentenced pursuant to this section, the court may impose an adult sentence under this code, in lieu of ordering a juvenile disposition under the juvenile court law, upon a finding that such an order would serve the best interests of justice, protection of the community, and the person being sentenced. Prior

to ordering an adult sentence, the court shall cause to be received into evidence a social study by the probation officer, prepared pursuant to Section 706 of the Welfare and Institutions Code, and shall state that the social study prepared by the probation officer has been read and considered by the court.

(c) Any minor directly charged under subdivision (b) shall have the right to a preliminary hearing to determine if there is probable cause to hold him or her to answer. If the magistrate holds the defendant minor to answer for a crime set forth in subdivision (b), the prosecution may file an information charging one or more of these enumerated crimes and any other properly joined crimes or enhancements. The case shall proceed in criminal court unless the defendant minor prevails in a motion to dismiss pursuant to Section 995 of the Penal Code, including pursuant to any appeal or writ arising from the motion to dismiss.

At the time the minor is brought before a judicial officer, the judicial officer shall assess the minor's mental health status, and shall order the minor to continue to be detained and a mental health evaluation conducted in accordance with Article 3 (commencing with Section 6550) of Chapter 2 of Part 2 of Division 6, if the judicial officer concludes that

(4) Following a hearing at which any person who is to be excluded from a juvenile court hearing is afforded an opportunity to be heard, the court makes specific factual findings that support the exclusion of the victim or his or her support person from, or any limitation on his or her presence at, the juvenile court hearing.

(c) As used in this section, "victim" means (1) the alleged victim of the offense and one person of his or her choosing or however many more the court may allow under the particular circumstances surrounding the proceeding, (2) in the event that the victim is unable to attend the proceeding, two persons designated by the victim or however many more the court may allow under the particular circumstances surrounding the proceeding, or (3) if the victim is no longer living, two members of the victim's immediate

An order of exclusion shall be consistent with the objectives of paragraphs (1) to (4), inclusive, of subdivision (b) to allow the victim to be present, whenever possible, at all hearings.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Any records or reports relating to a matter within the jurisdiction of the juvenile court prepared by or released by the court, a probation department, or the county department of social services, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, any of those records or reports, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be made attachments to any other

documents without the prior approval of the presiding judge of the juvenile court, unless they are used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, and other forms of delinquency.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit

the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: “Unlawful Dissemination Of This Information Is A Misdemeanor.” Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor’s subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor’s school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

SEC. 22.1. Section 827 of the Welfare and Institutions Code is amended to read:

- (G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.
- (H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code

to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who

is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (J), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, and other forms of delinquency.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol,

drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age

of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a "juvenile case file" means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives

of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. Further, any of those records or reports, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be made attachments to any other documents without the prior approval of the presiding judge of the juvenile court, unless they are used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the

court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

SEC. 22.3. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) (1) Except as provided in Section 828, a case file may be inspected only by the following:

(A) Court personnel.

(B) The district attorney, a city attorney, or city prosecutor authorized to prosecute criminal or juvenile cases under state law.

(C) The minor who is the subject of the proceeding.

(D) His or her parents or guardian.

(E) The attorneys for the parties, and judges, referees, other hearing officers, probation officers and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor.

(F) The superintendent or designee of the school district where the minor is enrolled or attending school.

(G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or

investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, which pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (J), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation

without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the

behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a “juvenile case file” means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

SEC. 23. Section 827.1 of the Welfare and Institutions Code, as added by Chapter 422 of the Statutes of 1996, is amended and renumbered to read:

827.7. (a) Notwithstanding Section 827 or any other provision of law, written notice that a minor has been found by a court of competent jurisdiction to have committed any felony pursuant to Section 602 shall be provided by the court within seven days to the sheriff of the county in which the offense was committed and to the sheriff of the county in which the minor resides. Written notice shall include only that information regarding the felony offense found to have been committed by the minor and the disposition of the minor’s case. If at any time thereafter the court modifies the disposition of the minor’s case, it shall also notify the sheriff as provided above. The sheriff may disseminate the information to other law enforcement personnel upon request, provided that he or she reasonably believes that the release of this information is generally relevant to the prevention or control of juvenile crime.

Any information received pursuant to this section shall be received in confidence for the limited law enforcement purpose for which it was provided and shall not be further disseminated except as provided in this section. An intentional violation of the confidentiality provisions of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(b) In the written notice provided pursuant to this section, a court may authorize a sheriff who receives information under this section to disclose this information where the release of the information is imperative for the protection of the public and the offense is a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

SEC. 24. Section 827.5 of the Welfare and Institutions Code is amended to read:

Notwithstanding any other provision of law except Sections 389 and 781 of this code and Section 1203.45 of the Penal Code, a law enforcement agency may disclose the name of any minor 14 years of age or older taken into custody for the commission of any serious felony, as defined in subdivision (c) of Section 1192.7 of the Penal Code, and the offenses allegedly committed, upon the request of interested persons, as soon as a petition to declare the minor a ward pursuant to Section 602 has been filed or a criminal complaint against the minor has been filed in a court of competent jurisdiction.

SEC. 25. Section 827.6 of the Welfare and Institutions Code is repealed.

SEC. 26. Section 827.6 is added to the Welfare and Institutions Code, to read:

Any release of information pursuant to this section shall be solely for the limited purpose of enabling law enforcement to apprehend the minor.

SEC. 27. Section 1120.1 of the Welfare and Institutions Code is amended to read:

(2) For the purposes of making computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by paragraph (1) of this subdivision shall be deemed to be "General Fund revenues appropriated to school districts," as defined in subdivision (c) of Section 41202 of the Education Code for the 1999–2000 fiscal year and be included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined

JANUARY 23, 1997

An act to amend, renumber, and repeal Section 35294.1 of, to add Section 35294.2 to, and to add and repeal Sections 35294.1, 35294.6, 35294.7, 35294.8, and 35294.9 to, the Education Code, relating to school safety.

LEGISLATIVE COUNSEL'S DIGEST

SB 187, Hughes. Comprehensive school safety plans.

Existing law declares the intent of the Legislature that all California public schools operated by school districts develop a comprehensive school safety plan, as specified. The comprehensive school safety plan may include, among other things, development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs and determining the fiscal impact of executing the strategies and programs. Existing law provides for grants to assist schools in implementing their comprehensive school safety plans.

This bill would make each school district and county office of education responsible for the overall development of comprehensive school safety plans for its schools. The bill would require

school site councils to write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school, except with regard to small school districts, as defined, which would have the option of developing district wide comprehensive school safety plans applicable to each school site. The bill would authorize school site councils to delegate this responsibility to a school safety planning committee, to be composed as specified. This bill would not limit or remove the authority of school boards as guaranteed in the Education Code.

This bill would require that the comprehensive school safety plan include, but not necessarily be limited to, among other things, assessing the current status of school crime committed on school campuses and at school-related functions and identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include specified procedures and policies.

This bill would require that the comprehensive school safety plan be evaluated and amended, as needed, by the school site council or the school safety planning committee no less than once a year. The bill would also require that an updated file of all safety-related plans and materials be readily available for inspection by the public. The bill would require the comprehensive school safety plan to be submitted for approval, as specified. The bill would require that each school adopt its comprehensive school safety plan by September 1, 1998.

This bill would provide that, if the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by these provisions, the Superintendent of Public Instruction would be required to make an assessment of not more than \$500 against that school district or county office of education, as specified.

This bill would require each school to forward its comprehensive school safety plan to the school district or county office of education for approval. Before adopting the comprehensive school safety plan, the school site council or school safety planning committee would be required to hold a public hearing to allow the members of the public to express an opinion about the school safety plan. The bill would require each school district or county office of education to notify the State Department of Education by October 15, 1998, of any schools that have not complied with the requirement of developing a comprehensive school safety plan.

The bill would require a school, other than a school in a small school district, that submits a comprehensive school safety plan in existence on December 31, 1997, to be deemed to have satisfied the requirements of the law in this area on and after the effective date of this bill if the comprehensive school safety plan meets specified requirements in effect.

This bill would repeal these provisions on January 1, 2000, however, the comprehensive school safety plan would continue to be evaluated and amended by the school site council. This bill would make statements of legislative intent.

By imposing additional responsibilities on school districts, county offices of education, and schools, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. It is the intent of the Legislature that this act shall unite all existing statutes that relate to school safety and ensure compliance with their provisions by including the requirements of school safety provisions in each school's comprehensive school safety plan.

SEC. 2. Section 35294.1 is added to the Education Code, to read: 35294.1. (a) Each school district and county office of education is responsible for the overall development of comprehensive school safety plans for its schools operating any kindergarten and any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The school site council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

(C) One parent whose child attends the school.

(D) One classified employee who is a representative of the recognized classified employee organization.

(E) Other members, if desired.

(3) The school site council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.

(4) In the absence of a school site council, the members specified in paragraph (2) shall serve as the school safety planning committee.

(c) Nothing in this article shall limit or take away the authority of school boards as guaranteed under this code.

(d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a district wide comprehensive school safety plan that is applicable to each school site.

(2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance in the 1997-98 fiscal year.

(e) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 3. Section 35294.1 of the Education Code, as amended by Chapter 435 of the Statutes of 1993, is amended and renumbered to read:

35294.2. (a) The comprehensive school safety plan shall include, but not necessarily be limited to, the following:

(1) Assessing the current status of school crime committed on school campuses and at school-related functions.

(2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:

(A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code.

(B) Disaster procedures, routine and emergency.

(C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts that would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27.

For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. Any school wide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For the purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.

(H) A safe and orderly environment conducive to learning at the school.

(I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.

(b) It is the intent of the Legislature that schools develop comprehensive school safety plans using existing resources, including the materials and services of the School Safety Partnership, pursuant to Chapter 2.5 (commencing with Section 32260) of Part 19.

It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety.

(c) Grants to assist schools in implementing their comprehensive school safety plan shall be made available through the School Safety Partnership as authorized by Section 32262.

(d) Each school site council or school safety planning committee in developing and updating a comprehensive school safety plan shall, where practical, consult, cooperate, and coordinate with other school site councils or school safety planning committees.

(e) The comprehensive school safety plan shall be evaluated and amended, as needed, by the school safety planning committee no less than once a year to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

(f) The comprehensive school safety plan, as written and updated by the school site council or school safety planning committee, shall be submitted for approval under subdivision (a) of Section 35294.8.

(g) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

CALIFORNIA CODES
EDUCATION CODE
SECTION 35294-35294.9

35294. It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section a "safety plan" means a plan to develop strategies aimed at the prevention of, and **education** about, potential incidents involving crime and violence on the school campus.

35294.1. (a) The governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans. A grant shall be awarded only for school safety plans that include the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

(3) Development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs, and determining the fiscal impact of executing the strategies and programs. The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed fifteen thousand dollars (\$15,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a

competitive process, based upon criteria including, but not limited to, (1) the merit of the proposal and (2) the need for imposing school safety, based on school crime rates.

(c) Any school district receiving a grant under this section shall report to the Superintendent of Public Instruction annually for three consecutive years following the receipt of the grant concerning the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

35294.1. (a) Each school district and county office of **education** is responsible for the overall development of comprehensive school safety plans for its schools operating any kindergarten and any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the schoolsite council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The schoolsite council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

(C) One parent whose child attends the school.

(D) One classified employee who is a representative of the recognized classified employee organization.

(E) Other members, if desired.

(3) The schoolsite council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.

(4) In the absence of a schoolsite council, the members specified in paragraph (2) shall serve as the school safety planning committee.

(c) Nothing in this article shall limit or take away the authority of school boards as guaranteed under this **code**.

(d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each schoolsite.

(2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance in the 1997-98 fiscal year.

(e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the schoolsite of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence

and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular work day after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

(2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1).

(A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code.

(D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.

(E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.

(F) The provisions of any schoolwide dress **code**, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted such a dress **code**. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. Any schoolwide dress **code** established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or

the person designated by the principal. For the purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.

(c) Grants to assist schools in implementing their comprehensive school safety plan shall be made available through the School Safety Partnership as authorized by Section 32262.

(d) Each schoolsite council or school safety planning committee in developing and updating a comprehensive school safety plan shall, where practical, consult, cooperate, and coordinate with other schoolsite councils or school safety planning committees.

(e) The comprehensive school safety plan shall be evaluated and amended, as needed, by the school safety planning committee no less than once a year to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

(f) The comprehensive school safety plan, as written and updated by the schoolsite council or school safety planning committee, shall be submitted for approval under subdivision (a) of Section **35294.8**.

35294.3. The Department of Justice and the State Department of **Education**, in accordance with Section 32262, shall contract with one professional law enforcement trainer and one professional educator trainer, respectively, to coordinate and present statewide workshops for school districts, county offices of **education**, and schoolsite personnel, and in particular school principals, to assist them in the development of their respective school safety plans. The School Safety Partnership shall award grants for school safety plans that include, but are not limited to, the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed five thousand dollars (\$5,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a competitive process, based upon criteria including, but not limited to, the merit of the proposal and the need for imposing school safety, based on school crime rates.

(c) Any school receiving a grant under this section shall submit to the Superintendent of Public Instruction verified copies of its schoolsite crime report annually for three consecutive years following the receipt of the grant to study the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

(a) Notify the school district or the county office of **education** in which the willful failure has occurred of the determination.

(b) Make an assessment of not more than five hundred dollars (\$500) against that school district or county office of **education**. This may be accomplished by the deduction of the amount of the assessment from an apportionment made subsequent to the determination.

35294.8. (a) In order to ensure compliance with this article, each school shall forward its comprehensive school safety plan to the school district or county office of **education** for approval.

(b) (1) Before adopting its comprehensive school safety plan, the schoolsite council or school safety planning committee shall hold a public meeting at the schoolsite in order to allow members of the public the opportunity to express an opinion about the school safety plan.
