

MUSCATEL

MTSS Academic Bookshelf

What is MTSS?

MTSS, which stands for Multi Tiered Systems of Support - is a continuum of research-based, system-wide practices of data-based decision making used to meet the academic, behavior, and social-emotional needs of all students.

Muscatel has three tiers to support our students; tier one, the bottom shelf on our bookcase, is accessible to all Muscatel students, tier two, the middle shelf on our bookcase, is accessible to some Muscatel students (10-15%), the top shelf on our bookcase is accessible to few Muscatel students (5-10%).
