## ROSEMEAD SCHOOL DISTRICT

District Office Board Room 3907 Rosemead Blvd., Rosemead, CA 91770

Thursday, June 6, 2019 7:30 p.m.

# **PUBLIC HEARING**

# 2019-2020 Local Control Accountability Plan (LCAP)

The Board of Trustees of the Rosemead School District will hold a public hearing to receive testimony from members of the public at this time on the needs of the District to consider including in the Local Control Accountability Plan (LCAP) for the 2019-2020 school year, prior to adoption.

# Local Control Funding Formula (LCFF) Budget Overview for Parents Rosemead School District 2019-2020 of (2017-20 Plan)

Developed by the California Department of Education, December 2018

# LCFF Budget Overview for Parents: Data Input

Local Educational Agency (LEA) name: Rosemead Elementary School District	
CDS code:	19-64931
LEA contact information:	Dr. Jennifer Fang, Assistant Supt. Ed. Services
Coming LCAP Year:	2019-2020
Current LCAP Year	2018-2019 of (2017-20 Plan)

\*NOTE: The "High Needs Students" referred to in the tables below are Unduplicated Students for LCFF funding purposes.

Projected General Fund Revenue for the 2019- 2020 LCAP Year	Amount
LCFF Base grant	\$ 19,564,362
LCFF supplemental & concentration grants	\$ 6,283,865
Total LCFF funds	\$ 25,848,227
All other state funds	\$ 2,526,798
All local funds	\$ 1,518,378
All federal funds	\$ 1,710,455
Total Projected Revenue	\$ 31,603,858

Total Budgeted Expenditures for the 2019-2020 LCAP Year	Amount
Total Budgeted General Fund Expenditures	\$ 33,663,863
Total Budgeted Expenditures in LCAP	\$ 6,283,865
Total Budgeted Expenditures for High Needs Students in LCAP	\$ 6,283,865
Expenditures not in the LCAP	\$ 27,379,998

Expenditures for High Needs Students in the 2018-2019 of (2017-20 Plan) LCAP Year	Amount
Total Budgeted Expenditures for High Needs Students in the LCAP	\$ 6,139,500
Estimated Actual Expenditures for High Needs Students in LCAP	\$ 6,139,500

## LCFF Budget Overview for Parents: Narrative Response Page

## Required Prompt(s)

Briefly describe any of the General Fund Budget Expenditures for the LCAP year not included in the LCAP.

A prompt may display based on information provided in the Data Input tab.

A prompt may display based on information provided in the Data Input tab

Response(s)		
Employee salary and benefits make up approximately 50% of LCFF Base Funds (approximately \$17M that is not included in the LCAP which describes how Supplemental & Concentration Funds will be used.)		

# **LCFF Budget Overview for Parents**

Local Educational Agency (LEA) Name: Rosemead Elementary School District

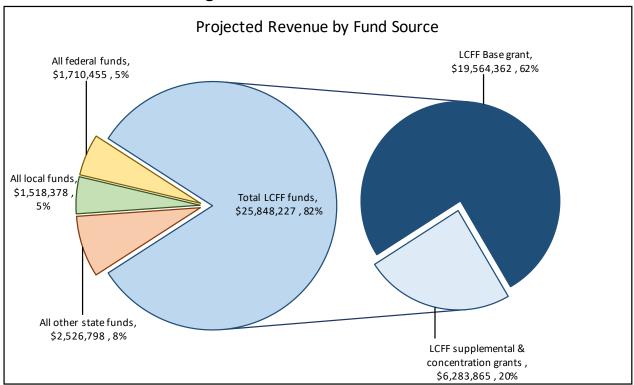

CDS Code: 19-64931

Local Control and Accountability Plan (LCAP) Year: 2019-2020

LEA contact information: Dr. Jennifer Fang, Assistant Supt. Ed. Services

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

# **Budget Overview for the 2019-2020 LCAP Year**

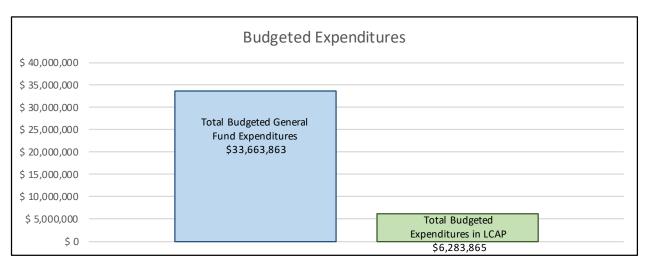

This chart shows the total general purpose revenue Rosemead Elementary School District expects to receive in the coming year from all sources.

The total revenue projected for Rosemead Elementary School District is \$31,603,858.00, of which \$25,848,227.00 is Local Control Funding Formula (LCFF), \$2,526,798.00 is other state funds, \$1,518,378.00 is local funds, and \$1,710,455.00 is federal funds. Of the \$25,848,227.00 in LCFF Funds, \$6,283,865.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Acccountability Plan (LCAP) that shows how they will use these funds to serve students.

# **LCFF Budget Overview for Parents**

This chart provides a quick summary of how much Rosemead Elementary School District plans to spend for 2019-2020. It shows how much of the total is tied to planned actions and services in the LCAP.

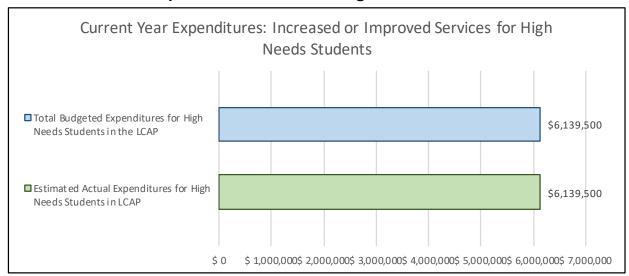

Rosemead Elementary School District plans to spend \$33,663,863.00 for the 2019-2020 school year. Of that amount, \$6,283,865.00 is tied to actions/services in the LCAP and \$27,379,998.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

## <u>Increased or Improved Services for High Needs Students in 2019-2020</u>

In 2019-2020, Rosemead Elementary School District is projecting it will receive \$6,283,865.00 based on the enrollment of foster youth, English learner, and low-income students. Rosemead Elementary School District must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP, Rosemead Elementary School District plans to spend \$6,283,865.00 on actions to meet this requirement.

# **LCFF Budget Overview for Parents**

ite on Increased or Improved Services for High Needs Students in 2018-2019 of (2017-20 |

This chart compares what Rosemead Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Rosemead Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-2019 of (2017-20 Plan), Rosemead Elementary School District 's LCAP budgeted \$6,139,500.00 for planned actions to increase or improve services for high needs students. Rosemead Elementary School District estimates that it will actually spend \$6,139,500.00 for actions to increase or improve services for high needs students in 2018-2019 of (2017-20 Plan).

# LCFF Budget Overview for Parents Data Entry Instructions

These instructions are for the completion of the Local Control Funding Formula (LCFF) Budget Overview for Parents. The local educational agency (LEA) will enter its data in the 'Data Input' tab in the Excel workbook a respond to the available prompts in the 'Narrative Response' tab. This information will automatically populate the 'Template' pages of the Budget Overview for Parents with the information. To start, ensure that you are or 'Data Input' worksheet by clicking on the 'Data Input' in the lower left hand side.

\*NOTE: The "High Needs Students" referred to below are Unduplicated Students for LCFF funding purposes.

## **Data Input Tab**

## **LEA Information (rows 1-3)**

The LEA must enter the LEA name, county district school (CDS) code, and LEA contact information (name, phone number and email address) in the corresponding blue boxes.

## **Identify the Applicable LCAP Year**

- Coming LCAP Year (row 4): Enter the upcoming fiscal year for which the Local Control and Accountability Plan (LCAP) is adopted or updated on or before July 1. Enter in this format 20XX-XX.
- Current LCAP Year (row 5): Enter the current fiscal year for which the previous LCAP was adopted or updated on July 1. Enter in this format 20XX-XX.

## Projected General Fund Revenue for the Coming LCAP Year

All amounts should be entered in the gray boxes adjacent to the corresponding amount title. The coming LC, year (as indicated in row 4) means the fiscal year for which an LCAP is adopted or updated by July 1.

- LCFF Base grant (row 8): This amount is the total amount of LCFF base grant funding (not including supplemental & concentration grants) the LEA estimates it will receive pursuant to California *Education Code (EC)* sections 2574 (for county offices of education) and 42238.02 (for school districts and charter schools), applicable for the coming LCAP year.
- LCFF supplemental & concentration grants (row 9): This amount is the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of lo income, foster youth, and English learner students as determined pursuant to California Code of Regulations Title 5 (5 CCR) Section 15496(a)(5), pursuant to EC sections 2574 and 42238.02, as applicable for the com LCAP year.
- Total LCFF funds (row 10): This amount is automatically calculated as the sum of line 8 and 9.
- All other state funds (row 11): This amount is the total amount of other state funds (do not include LCFF further LEA estimates it will receive.
- All local funds (row 12): This amount is the total amount of local funds and entitlements the LEA estimates will receive.
- All federal funds (row 13): This amount is the total amount of federal funds (including all Every Student Succeeds Act Title funds) the LEA estimates it will receive.

## Total Budgeted Expenditures for the Coming LCAP Year

# LCFF Budget Overview for Parents Data Entry Instructions

- Total Budgeted General Fund Expenditures (row 17): This amount is the LEA's total budgeted General Fu expenditures for the coming LCAP year as indicated on Form 01, column F, Row B.9 (Total Expenditures). The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an act in another fund. For further information please refer to the California School Accounting Manual (http://www.cde.ca.gov/fg/ac/sa/). (Note: For some charter schools that follow governmental fund accounting, amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter school that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budget in the Charter Schools Enterprise Fund.)
- Total Budgeted Expenditures in the LCAP (row 18): This is the total amount of budgeted expenditures on planned actions and services to meet the goals included in the LCAP for the coming LCAP year.
- Total Budgeted Expenditures for High Needs Students in LCAP (row 19): This is the total amount of budgeted expenditures on the planned actions and services included in the LCAP that contribute to the increased or improved services for high needs students pursuant to EC Section 42238.07.

## **Expenditures for High Needs Students in the Current LCAP Year**

- Total Budgeted Expenditures for High Needs Students in the LCAP (row 23): This amount is the total of t budgeted expenditures, from all fund sources, on the planned actions and services included in the LCAP tha are identified to contribute to the increased or improved services for high needs students pursuant to EC Sec 42238.07 for the current LCAP year.
- Estimated Actual Expenditures for High Needs Students in LCAP (row 24): This is the total of the estima actual expenditures, from all fund sources, on the actions and services included in the LCAP that are identific contribute to the increased or improved services for high needs students pursuant to EC Section 42238.07, a reflected in the Annual Update for the current LCAP year.

# **Narrative Responses Tab**

The LEA's response for each prompt is limited to 75 words. Double click on the applicable cell to respond to required prompt(s).

- Brief description for General Fund Expenditures (row 2): Briefly describe any of the General Fund Budge Expenditures for the LCAP year that are not included in the LCAP.
- Brief description for High Needs Students (row 3): If the amount on line 19 ('Data Input' tab) is less than the amount on line 9 ('Data Input' tab), a prompt will appear and the LEA must provide a brief description of how actions and services in the LCAP will meet the requirement to improve services for high needs students. If no prompt appears, the LEA is not required to supply a description.
- Brief description for actual expenditures for high needs students (row 4): If the amount in line 23 ('Data Input' tab) is greater than the amount in line 24 ('Data Input' tab), a prompt will appear and the LEA must prove a brief description of how the difference impacted the actions and services and overall increased or improve services for high needs students in the current fiscal year pursuant to EC Section 42238.07. If no prompt appears, the LEA is not required to supply a description.

2019-20

# Local Control Accountability Plan and Annual Update (LCAP) Template

Addendum: General instructions & regulatory requirements.

Appendix A: Priorities 5 and 6 Rate Calculations

Appendix B: Guiding Questions: Use as prompts (not limits)

<u>LCFF Evaluation Rubrics</u>: Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

## 2017-20 Plan Summary

## The Story

Describe the students and community and how the LEA serves them.

The Rosemead School District's vision for its students and families promotes leadership at all levels of our educational community. It strives for all members to LEAD:

- · L Lifelong learners and leaders of our global society
- E Ethical behavior and mindsets
- A Academic rigor, support, and achievement
- D Diversity is valued and respected

Parents and the community play a very important role in our schools. Understanding our schools' educational programs, student achievement, and curriculum development can assist both the schools and community in ongoing program improvement. We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring that the Rosemead Schools offer a stimulating environment where students are actively involved in learning academics as well as positive values. Through our hard work together, our students will be challenged to reach their maximum potential. The Rosemead School District provides a challenging academic environment that embraces the diversity of the entire community and encourages lifelong learning.

In partnership with parents and community, our mission is to nurture the whole child, including their intellectual, physical, emotional, and ethical growth, in order to prepare them to be responsible, healthy, productive, contributing members of our global society.

In Strategic Planning for the future, the Board of Trustees is committed to enhancing the following:

- 1. Increasing Student Achievement/Academic Performance —An ongoing focus and priority of the Board is ensuring that all students have the necessary resources to achieve successful academic outcomes. This requires providing students an academic setting that enables them to reach their individual potential. This priority aims to prepare students to compete academically in a global society.
- 2. Board Focus on ALL Students —The Board of Trustees is committed to making decisions that take into consideration students' academic needs and best interests. To the degree possible, these decisions are made by taking all factors into consideration. Thus, students will always remain our top priority.
- 3. Safe, Healthy and Secure School Climates —Keeping Rosemead schools safe and secure for students, staff and the community remains an ongoing focus. Providing a healthy school environment that promotes lifelong healthy habits is strengthened by utilizing the California Healthy Kids Survey data to guide decision-making. The board and staff will remain continuously vigilant to support the priority of physically and emotionally safe schools.
- 4. Leadership —Leadership must be nurtured and valued at all levels and in all positions. Staff leadership is an investment in our people who serve students and the greater community, while student leadership and programs like "Leader in Me" are an investment in our students' future. Historically, ethical and stable leadership have made Rosemead strong.
- 5. Maximizing Financial Resources —Limited California state fiscal resources are a reality that hinder our ability to enact all our hopes and dreams for Rosemead schools. Proactively seeking resources and strategically utilizing available funds for the greatest impact is an ongoing responsibility led by the board.
- 6. Communication at All Levels —Fostering a welcoming environment is an important part of the school community. Our widespread, linguistically and culturally diverse community of parents and staff prioritize active listening and positive communication. The Board is committed to strengthening internal and external communication whenever possible.
- 7. Recognizing Student, Staff and Community Contributions to Build Morale —The Board believes in being highly visible and accessible, while at the same time, maintaining capable and competent staff who are entrusted to address needs, questions, and concerns whenever possible. The Board is committed to maintaining open lines of communication to ensure that students' needs are addressed. The district staff will ensure that the board is continuously informed and kept abreast of all important issues.
- 8. The Board, together with the administrative staff, is committed to upholding a high standard of respectful and professional behavior at all times and engaging in full transparency with stakeholders as a means to strengthen trust and encourage morale at all levels of the organization.
- Board and Staff's Willingness to Continue to Learn and Improve Through On-Going Professional Development —The Board recognizes that continuous, lifelong learning occurs at all levels and ultimately supports the success of Rosemead schools and students.

Located in Southern California's San Gabriel Valley, ten miles east of downtown Los Angeles, the Rosemead School District educates over 2,400 pre-kindergarten through eighth grade students in the diverse community of Rosemead. Founded in 1859, the district is proud of its long tradition of academic excellence. There are currently four elementary schools (PreK-TK-6) and one middle school (7-8) in the district; students from Rosemead School District attend Rosemead High School, which is part of the El Monte Union High School District. Rosemead School District believes in providing a challenging academic environment with high expectations and placing student needs as its number one priority.

Rosemead School District Student Population Enrollment / Demographic Data

Total Enrollment TK-8: 2,584

Enrollment TK-8: 2,412

Preschool Enrollment: 172

#### STUDENT GROUPS:

Students participating in free or reduced lunch program: 80%

English Learners: 42% Foster Youth: <1% Homeless Youth: 12%

Students Identified with Special Needs: 11%

Students Identified as Gifted: 7%

#### HOME LANGUAGES SPOKEN:

Cantonese: 10%
Tagalog: 0.3%
Mandarin: 4.4%
Spanish: 17%
Vietnamese: 10%

Other: 2%

## **LCAP Highlights**

Identify and briefly summarize the key features of this year's LCAP.

The Rosemead School District's LCAP outlines our plan to align resources with our district vision, priorities, and goals to increase and improve student achievement. This is Year 3 of the 2017-2020 LCAP plan.

Our district will continue to implement two key actions to maintain the growth over the past three years. First, the district will continue to fund Class Size Reduction and the elimination of combination classes in TK-6th grade so that teachers can provide more personalized, differentiated learning experiences for and feedback to students. Second, the district will continue to prioritize providing our classified and certificated teams with ongoing professional learning. Teachers will be provided with six days of professional learning in 2019-20, focusing on intervention support for unduplicated students, English Language Development, utilizing data to drive instruction during core and intervention blocks, and school safety. We also will invest in providing support and mentoring for our brand new teachers.

This year's LCAP includes several other highlights. Investing in more technology continues to be a priority to ensure all students have access to our online intervention and diagnostic assessment programs. We will continue to promote positive school climate through our PBIS system and The Leader In Me programs as well as refine our Multi-Tiered Systems of Support, including providing counseling and focusing on social-emotional learning. Parent engagement and involvement will continue to be an important part of our work: this LCAP was developed after many parent and community meetings, engagement of stakeholders at the schools, and surveys that also included all fourth through eighth grade students. This LCAP captures our collective commitments and agreements.

#### **Review of Performance**

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

#### **Greatest Progress**

Academic Performance: Rosemead continues to perform well overall in ELA and Math on the SBAC. On the Spring 2018 SBAC, Rosemead students averaged 23 points above standard in both ELA (60% met or exceeded standards) and math (56% met or exceeded standards). Our Asian students were "blue" in both ELA (76% met or exceeded standards) and math (77% met or exceeded standards). Similarly, our socio-economically disadvantaged student and homeless student subgroups were both "green" in both ELA and math. Moreover, our homeless subgroup increased in both ELA (8.3 points) and math (13.8 points) from the previous year. Of our socio-economically disadvantaged students, 52% met or exceeded standards in math and 56% in ELA. Our English Learners were "green" in math, with 37% scoring met or exceeded standards.

Our local assessments indicate significant growth in both ELA and math. Our spring iReady assessment indicates an increase from 18% to 56% of students being placed in Tier 1 in math and an increase from 39% to 69% of students placed in Tier 2 in ELA.

Our progress on these assessments may be attributed to curriculum and collaboration. In our second year implementing our Go Math curriculum, teachers were able to implement the lessons more strategically. Staff at each school set school-wide goals around iReady math scores and Accelerated Reader goals and worked collaboratively to ensure proper placement of students for 30 minutes of daily, differentiated, designated ELD instruction. Another factor that may have improved student learning outcomes was the continued investment in providing a full time ELD/Intervention teacher at every school. The ELD teachers also provided an additional 30-45 minutes of direct ELD instruction daily for each grade level, including differentiated instruction for newcomers. All elementary teachers also provided integrated ELD throughout the day.

At the middle school, there was increased collaboration in the math and ELA departments, and the 8th grade team increased the rigor of their

instruction as a result of engaging in vertical articulation with Rosemead High School teachers. In addition, after school intervention classes as well as small group intervention within the school day were in place at every campus.

Finally, we have strengthened the Student Success/Study Team (SST) process across the district, focusing on early identification of students to get them into the SST process, providing intervention, and progress monitoring in an ongoing, consistent way.

Our plan is to maintain and build upon these successes through continuing to fund class size reduction and to focus on continued professional learning for teachers to harness the power of GoMath, iReady, AVID, Guided Reading and Wonders curricula, utilizing them to strategically differentiate instruction for all subgroups. We also plan to further refine our academic intervention programs and expand our whole child approach through continuing our library, STEAM, after school enrichment and intervention, and GATE programming.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

#### **Greatest Needs**

Achievement Gaps in ELA and Math: Achievement on the Spring 2018 SBAC was uneven between some subgroups. For example, our Hispanic/Latino students were "orange" in ELA, with 41% of students meeting or exceeding standards (compared to 60% overall). Similarly, 30% of our Hispanic/Latino students (compared to 56% of all students) met or exceeded standards in math. Our English learners were in the "yellow" zone in ELA. While their average was 9.5 points above standard, they declined 3.8 points from the previous year. Finally, our students with disabilities scored "red" in ELA (92.6 points below standard, a 5.5 point decline from the previous year) and "orange" in math (98.8 points below standard, a 9.2 point drop from the previous year). Achievement was also lower overall in grade 3, where students scored in the "yellow" zone and showed a 9 point decline from the previous year.

Suspension Rate: Rosemead was in the "yellow" zone for suspension rate, with 1.5% of our students having been suspended at least once, a 0.5% increase over the previous year. Students from our Hispanic, Socioeconomically disadvantaged, and students with disabilities subgroups were suspended at a higher rate and were in the "orange" zone. Most of the suspensions are concentrated at our middle school, where 5% of students were suspended, an increase of 3.5%.

#### Steps to Address the Areas of Greatest Need

Achievement Gaps in ELA and Math: Our efforts to shore up academic achievement in the areas of need will be wide-ranging. We will continue professional learning on instruction for teachers, aides, and administrators to support Common Core mastery and will intensify our supports for beginning teachers through working with our Induction/BTSA mentors. Professional learning will focus on lesson plan development, designated and integrated English language development, and maximizing our intervention programs such as Read 180 and iReady. Furthermore, we plan to initiate district curriculum and instruction committees comprised of literacy, STEAM, ELD, math, and science eacher leads. These groups will review data and stakeholder input to select and roll out a universal screener to help us better progress monitor our subgroups' achievement, learn best practices to model and disseminate at their sites, and advise on new curriculum. We will also continue the interventions targeting the under-performing subgroups by supporting our AVID program, investing in coaching and support for Read 180 and the after school iReady Lab, and funding after school intervention classes. Finally, wel develop data walls at each site to ensure that our under-performing subgroups are making monthly progress in math and will provide district support to improve the quality of our math intervention program at the middle school.

Suspension Rate: To address the behaviors leading to suspensions, we added a full time counselor at the middle school who is devoted to supporting social-emotional well-being of at-risk students. This position will continue next year. We have continued to develop our Positive Behavior Intervention and Supports (PBIS) system and our Multi-Tiered System of Supports (MTSS). We are also planning to bring on board psychology and counseling interns (at no cost to the district) next year to support social-emotional learning (SEL) at the elementary schools.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

#### Performance Gaps

#### **Academic Achievement Performance Gaps:**

On the spring 2018 SBAC, our Hispanic subgroup scored in the "orange" zone, at 19.4 points below standard on the SBAC in ELA, as compared to "green" for all students, who were 23 points above standard. In addition, our students with disabilities scored 92.6 points below standard in ELA (compared to all students, who scored 23 points above standard on average) and 98.8 points below standard in math, compared to 12.4 points above standard achieved by all students on average. Our homeless student population, while showing growth from last year, also scored below standard (0.8 points in ELA and 11.4 points in math).

#### Steps to Address Academic Achievement Performance Gaps:

To increase the academic achievement of our Hispanic students, we plan to increase our efforts to outreach to Hispanic parents with the goal of more Hispanic parents attending workshops on supporting children with reading at home and more Hispanic students taking advantage of after school tutoring, enrichment, and intervention classes. Within the school day, all elementary teachers will continue to implement daily math or ELA intervention support for any non-proficient students. We will continue to staff each school with ELD and intervention teachers.

To better support our students with disabilities, we will engage our resource teachers in professional development on effective push in supports and will devote professional learning time with both special and general education teachers to implementing best practices for differentiating, scaffolding, and accommodating while keeping the cognitive load on students in both ELA and math.

We have also begun plans to create a student passport or portfolio that will be a one-page document for each student listing assessment data, accommodations needed, language proficiency, and significant demographic data. Teachers will be able to use these passports as they plan at the unit and daily level to design instruction in students' zone of proximal development. Data walls and monthly team meetings focused on data will help teachers to monitor the progress of their underperforming subgroups (especially Hispanic students and students with a disability) and devote strategic

planning time to these students.

Finally, we will continue the interventions from this past year, with an increased focus on teacher coaching and use of data to drive instruction with the following intervention settings:

- iReady intervention for 45 minutes a day for struggling students
- after school intervention support for struggling students
- designated ELD instruction
- FLEX intervention program
- Read180 Intervention at the middle school

#### Suspension Rates Gaps:

The California Dashboard equity report indicates that our foster youth, students with disabilities, and white students all had a suspension rate in the "red" or "orange" zones.

#### Steps to Address Suspension Rates Gaps:

We will conduct monthly reviews of PBIS data on School-wide Information System (SWIS) at principals' meetings to monitor progress of at-risk students. To make sure our PBIS is being implemented with integrity, we will conduct regular site visits as well as refine our Tier 1 and Tier 2 implementation. We will continue to provide mental health services and counseling.

#### Increased or Improved Services:

As noted earlier, our district will increase or improve services for low-income students, English learners, and foster youth through four key focus areas: academic interventions, MTSS, professional development, and class size reduction.

**Academic Interventions:** 24% of Supplemental and Concentration funds (\$1,499,478) were used to provide unduplicated students with intervention programs during the school day and after school. All schools are implementing daily intervention blocks for students not meeting grade level standards. We have moved toward an intervention model in which all teachers diagnose and treat students who are struggling academically. Diagnostic assessments in both ELA and math help teachers to identify students' individual needs. Teachers also use the diagnostic assessments to monitor progress and evaluate the effectiveness of the interventions they are providing so that they can course correct as needed.

Multi-Tiered System of Supports (MTSS): We will use our supplemental and concentration funds to provide unduplicated students with behavioral and mental health supports during the school day. All schools will continue implementing a multi-tiered system of supports for students in the area of SEL. We will finish developing Tier 3 supports for our most needing students using the PBIS model. We also are implementing the Leader in Me program, which provides all students the opportunity to take on leadership roles and develop the "7 Habits" of socially and emotionally healthy people. This year, we also implemented a new mental health system model to address the social and emotional needs of our most at-risk students and their families.

**Professional Development:** We will pay certificated teachers for 6 days of professional learning to build their skill in applying best practices for helping students master the Common Core and ELD standards.

Class Size Reduction and Elimination of Combination Classes in Elementary Grades: Much of our Supplemental and Concentration funds will be used to reduce class sizes and eliminate combination classes to increase the time spent on differentiated instruction for all unduplicated students and to provide English Language Development for English learners. Stakeholders have provided input that larger class sizes and combination classes make it challenging to meet the needs of all students. By reducing the class size and eliminating combo classes, teachers will be better able to target the specific needs of unduplicated students.

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

#### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Rosemead School District does not have any schools in CSI.

#### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### **Monitoring and Evaluating Effectiveness**

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# **Annual Update**

LCAP Year Reviewed: 2018-19

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

## Goal 1

80% of all students will show growth toward proficiency or maintain proficiency on district and state assessments.

State and/or Local Priorities Addressed by this goal:

State Priorities: 1. Basic; 2. Implementation of State Standards; 4. Pupil achievement; 7. Course access; 8. Other pupil outcomes Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; College and Career Readiness

# **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

14 of 17 actions were implemented in 2018-19. The actions helped teachers provide quality instruction to students and increase student progress and mastery of the Common Core State Standards in ELA and math as well as the Next Generation Science Standards. The reduced class sizes and elimination of the combination classes helped teachers provide targeted intervention and ELD instruction for unduplicated students.

We provided 8 full days of professional development for teachers this year (2018-19). On our LCAP teacher and staff survey, 81% of respondents agreed or strongly agreed that PD opportunities this year supported them with Common Core Standards implementation, and 94% of respondents agreed or strongly agreed that the Common Core standards are being implemented to raise educational standards for all students within the district. Moreover, 90% of respondents on the LCAP Student Survey from 2019 agreed or strongly agreed that they were learning about the Common Core State Standards in school. Over 70% of the 800 parents who responded to our survey are very or somewhat satisfied with the instruction their child is receiving in English language arts, and 72% with math.

Another action was to invest in high quality, CCSS-aligned instructional materials. Students responding to the annual LCAP survey strongly agreed or agreed with the statement, My school provides me with textbooks and learning materials. 86% of teachers surveyed agreed or strongly agreed that the district provides instructional materials to support learning from all students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The Annual Measurable Objectives (AMOs) suggest that our actions and services were not effective enough to achieve our target growth rate. We did not completely meet our goal of 80% of all students will show 5% growth toward proficiency or maintain proficiency on district and state assessments. While our RFEP students exceeded the goal set forth at the beginning of this 3 year LCAP, most of our other subgroups have not grown 10% over the past two years. Overall, on the 2018 SBAC, our students made a gain of 3% from the prior year in math and declined by 1% overall from the prior year in ELA. On the May i-Ready diagnostic in reading, our 1st, 2nd, and 4th graders met the expected growth, For Math, our i-Ready results were a little better, with kindergarten through fifth graders meeting the goal on the May diagnostic. An encouraging data point is the percent of students moving from Tier 3 and Tier 2 levels on iReady to Tier 1: In math, the percent of students in Tier 1 grew from 18% at the beginning fo 2018 to 56% by the spring of 2019; in reading, the percent jumped from 39% to 69%. This data suggests that our intervention program is helping us make gains, and that we need to continue to refine implementation.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

**ELA Adoption -** A new ELA adoption was implemented last year in K-6th grades. The adoption was a Program 2 that offered integrated and designated ELD components. The district allocated \$250,000 from the base grant fund for the purchase of ELA adoption materials. However, the district used state lottery funds to purchase the new ELA adoption for the elementary schools. The district also allocated approximately \$304,422 for materials; however, no money was spent. The reduction in cost was due to the fact that the district no longer has to pay for consumable materials in ELA or math. Those materials are now free for the life of the two adoptions and are a part of the initial cost of the adoption. This amount is currently being reserved for our middle school ELA adoption for next year.

**Certificated Professional Development Days -** The district implemented 8 professional development days for teachers to ensure teachers had more time for collaboration and training on best practices to support mastery of state standards. The district spent \$7,406 more than budgeted due to increases in salary.

**Salary Expenditures -** Cost increased on all actions involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for certificated employees.

**Substitute Teachers for Professional Development -** The district spent \$3,000 less than budget on substitute teachers for professional development because the cost was charged to Title 1.

**Beginning Teacher Induction/BTSA -** The district spent approximately \$12,084 less on Induction/BTSA mentors than budgeted. The decrease in cost was due to a smaller number of induction candidates for the year than originally planned.

Centralized Costs- The district spent \$19,972 more for centralized costs due to certificated and classified salary increases.

**Lesson Development and Instructional Leads -** The schools did not utilize lesson plan development funds that were budgeted; however, they used more in funding site instructional lead teachers to support improving student learning.

**Instructional Professional Development -** The schools utilized \$3,476 more in this fund to send teachers and staff to professional learning opportunities.

**Supplemental Common Core aligned books and materials were purchased.** The district spent \$6,779 more than the original budgeted amount. Schools did not use the funds for hourly intervention teachers, so they decided to reallocate their funding.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes to Expected Outcomes: As a result of this analysis, and in consultation with LACOE administrators, we have concluded that it is more realistic to set our growth goal based on this years data. We will be adjusting our growth goals for 2019-2020 to be a 5% increase for all subgroups and grade levels based on the 2018 results on both the SBAC and local i-Ready assessments in ELA and math. This allows us to keep our stretch goal of increasing proficiency by 5%. This adjustment is noted as a modified Goal 1 in the Goals, Actions, and Services section and in the expected annual measureable outcomes for the 2019-20 LCAP.

Change to Goal 1, Action 9 - Administrators PD will be changed to "Instructional PD": This action will be modified to include both teachers and classified staff attending professional development opportunities that will support student learning for all students, but especially for our unduplicated students.

Change to Goal 1, Action 17: We will eliminate this action. Next year, certificated teachers and classified staff salaries will also be funded out of LCFF Base Grant, not Supplemental and Concentration.

## Goal 2

80% of English learners, low-income students, and/or foster youth students will show growth toward proficiency or maintain proficiency on district and state assessments.

The hourly intervention teachers action
was not implemented in 2018-19, but
Encinita, Shuey and Savannah provided
SST meeting coordination and after school
interventions.

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The implementation of the Goal 2 actions supported the academic needs of our unduplicated students. These actions focused on providing consistent interventions for our most needing students and monitoring their progress. Through these actions, Rosemead was able to provide consistent interventions and monitor the growth of our students. Rosemead's use of the iReady diagnostic assessment and intervention software helped us to identify our students' needs and measure their progress in real time. Intervention teachers were able to provide students with differentiated instructional support. In addition, the ELD teacher at the middle school was able to support our newcomer students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our ELD teachers have provided targeted support, including at our middle school. Coaching and professional development on English language development has supported teachers in progress monitoring using the ELDA (a formative assessment tool aligned to the ELD standards). Our baseline ELPAC results (from the spring of 2018) show that over 80% of our students scored an overall level of 3 or 4; 70% of students scored at a level 3 or 4 in Oral Language; and almost 70% were at a level 3 or 4 in written language. While our ELD program is developing, our English learners maintained the same proficiency rate (34%) from 2017 to 2018 on the SBAC in ELA and made only a slight, 2% gain (35% to 37% met standard) in math, indicating that our instruction has not yet had the desired impact.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Salary Expenditures - Cost increased on any action involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for

certificated and classified employees.

Since the district did not hire hourly intervention teachers, the allocated funds were re-distributed into other goals and actions.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Change in Goal 2 Expected Outcome: As a result of this analysis, and in consultation with LACOE administrators, we have concluded that it is more realistic to set our growth goal based on this years data. We will be adjusting our growth goals for 2019-2020 to be a 5% increase for English learners and socio-economically disadvantaged students based on the 2018 results on the SBAC. This allows us to keep our stretch goal of increasing proficiency by 5%. This modification is reflected in the goal and expected annual measureable outcome section of Goal 2 in the 2019-20 LCAP below.

Change in Goal 2 Metric: Now that we have baseline ELPAC data, we are able to add a metric for ELPAC growth. We will aim for an average scale score growth of 10 points of more.

## Goal 3

90% of all 3rd grade students that are continuously enrolled in the RSD schools since kindergarten will show proficiency in English Language Arts on district and state assessments.

State and/or Local Priorities Addressed by this goal:

State Priorities: 4. Pupil achievement

Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

In the past school year (2018-19), we implemented five of these actions. The sixth action (funding a preschool director), we did enact, but we paid for it elsewhere. Reducing class sizes allowed our primary teachers to differentiate instruction, provide explicit language instruction for English Learners (ELs), and provide high quality feedback to unduplicated students on their writing, math, and reading. We purchased Fountas and Pinnell ELD materials, which supported our ELs in developing their reading, writing, speaking, and listening.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The failure to meet the AMOs for SBAC and the iReady diagnostic data for grade 3 suggests that our actions and services were not as effective as they needed to be. We believe we have selected appropriate actions and services and need to refine implementation to ensure that they positively impact student achievement. Third grade will be a major focus area for us in 2019-20.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

**Salary Expenditures -** Cost increased on any action involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for certificated and classified employees.

Since the district did not hire hourly intervention teachers, the allocated funds were re-distributed into other goals and actions.

Although there were no funds allocated to purchase guided reading books, \$2,122 was spent on purchasing these for two schools.

\$60,200 was allocated for computer programs to support progress monitoring and intervention, however, since Accelerated Reader was purchased for a two year license, only \$3,504 was sent this year, however this amount will be reserved to renew the license next year when it expires.

Preschool director/staff salary and benefits was allocated, however, the district re-distributed the funds to split fund a coordinator of educational services position to support improving teaching and learning for all students, but especially for unduplicated students.

The district spent \$5,000 less on the ELD supplemental materials.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Change to expected outcome:** As a result of this analysis, we will keep the goal and adjust our growth goals for 2019-2020 to be a 5% increase for third grade students based on the 2018 results on the SBAC and on the May 2019 iReady diagnostic results. This modification is reflected in the expected annual measureable outcome section of Goal 3 in the 2019-20 LCAP below.

### Goal 4

All 8th grade students will demonstrate high school, college, and career readiness as measured by SBAC ELA and Math results, science CST results, other district assessment data.

State and/or Local Priorities Addressed by this goal:

State Priorities: 4. Pupil achievement; 7. Course access; 8. Other pupil outcomes

Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; College and Career Readiness

#### **Annual Measurable Outcomes**

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All seven of these actions were either fully or partially implemented. Through the actions of this goal, we have provided enrichment opportunities and access to technology for our unduplicated students. Without these opportunities, many of our students would not have exposure to the arts or technology beyond a tablet or cell phone at all. Unduplicated students were able to participate in programs including the History of Rosemead, Math/Science through Art, Music, Language and Literature courses; the Future Scientists and Engineers Friday Program for sixth graders; Mathletes Competitions; and field trips.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The goal was to make more than 5% growth in ELA and math on the SBAC and iReady assessments. Our 8th graders unfortunately declined in percent meeting or exceeding standards on the SBAC from 2017 to 2018. On the iReady spring testing, our 8th graders did not show a 5% growth in ELA, but they did almost make the goal in math (at a 4% increase). We acknowledge that these metrics may not fully capture some of the 21st century learning skills and college-readiness skills students are gaining from our programming actions in this goal.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Salary Expenditures - Cost increased on any action involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for certificated and classified employees.

Since the district did not hire hourly intervention teachers, the allocated funds were re-distributed into other goals and actions. So although there were no funds allocated to purchase materials for project-based learning, arts materials and technology devices. \$91,888 was added to the actual expenditures because Shuey School utilized their site funds to purchase SmartBoards.

To support our GATE program, the district paid for a coordinator, who salary increased, so the salary and benefits increased.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Change in expected outcomes: As a result of this analysis, we will be adjusting our growth goals for 2019-2020 to be a 5% increase for 8th grade students based on the 2018 results on the SBAC and on the June 2019 iReady diagnostic results (rather than on growth that was projected when we initially wrote this plan three years back).

This adjustment is noted as a modified Goal 4 in the Goals, Actions, and Services section and in the expected annual measurable outcomes for the 2019-20 LCAP.

### Goal 5

All schools will implement Positive Behavior Intervention and Supports (PBIS) and provide additional educational and behavioral support services to supplemental /concentration students

State and/or Local Priorities Addressed by this goal:

State Priorities: 5. Pupil engagement; 6. School climate

Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; Positive School Climate

#### **Annual Measurable Outcomes**

Expected Actual

The Rosemead School District will reduce the suspension rate by 5% district-wide and at all of its schools

#### 2018-19

1. Monitor, evaluate, and revise PBIS program

Maintain a suspension rate of 1.3% (below the County rate of 2.8 and the State rate of 4.4%)

Maintain an expulsion rate of 0.

- 2. Reduce the suspension rate for the following subgroups that showed an increase in 2014-15
- a. All students: 1.6% to 1.5%
- b. Socioeconomically

Disadvantaged: 1.7% to 1.6%

c. Hispanic: 2.5% to 2.4%

## PBIS Program Measurement:California Dashboard Report for 2018-19

Suspension Rate: 1.5%

**Expulsion Rate:** 

1 student expelled in 2017-18; rate of 0.0004: met

2 students expelled in 2018-19; rate of 0.0008; met

	use this action. We did not hire a MFT/LCSW to provide mental health services.		

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We implemented all of the actions for Goal 5. The district expanded our work with PBIS Tier 1 and Tier 2 supports to include academic components of a Multi-Tiered System of Supports (MTSS). We also began developing Tier 3 supports for the most at-risk students. This past year, we hired a counselor for our middle school. The district also continued implementing the Leader in Me program, which is designed to provide ALL students the opportunity to take leadership roles and develop successful academic and social-emotional habits. Our counselors, psychologists, and LVN provided the bulk of the PBIS and MTSS services to our students. Although we implemented all of our actions, we did not use all of the funds as planned. We did not hire an MFT/LCSW to provide mental health services, nor did we hire a behavior aide.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our multi-tiered system of supports, including our Positive Behavioral Interventions and Supports system, counseling, and nurse aid are all having a positive impact. According to our California Healthy Kids Survey results from 2017-18, the vast majority of our fifth and seventh graders felt connected to school. Students responded affirmatively to statements about feeling like they feel close to people at school, they feel like they belong at school, and they feel that the school treats people fairly. Survey data from the spring of 2019 reinforces this trend: 77% of students affirmed that they feel "comfortable seeking help from adults in the event of conflict," and 87% agreed or strongly agreed with the statement. "I feel safe while at school." This data suggests that our PBIS and Leader in Me programs are having a positive effect. That said, approximately 10% of students responded negatively to these statements on the CHKS, and approximately 25% were neutral. This suggests that our counseling and other MTSS supports for Tier 2 and 3 students need to be strengthened. While our suspension rate overall declined, the suspension rate for our socioeconomically disadvantaged students remained the same. at 1.7%. To achieve our goal, we will need to continue to serve this subgroup through counseling when needed and engage MTSS teams in analyzing and responding to the data. We have had an uptick in suspensions this past school year at our middle school in particular, and are planning to continue to work with our counselors and staff to provide the social-emotional support for both at-risk students and their parents.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Salary Expenditures - Cost increased on any action involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for certificated and classified employees.

The district did not hire a Marriage Family Therapist (MFT/LCSW) this school year and a behavior interventionist was not hired.

Student behavior and leadership program- The district spent \$10,000 less in services due to schools re-allocating their funds to be spent in another goal and action.

The district did fund a 3-hour kindergarten aide for all kindergarten classrooms.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes were made to this goal.

### Goal 6

All schools will increase their participation in parenting classes by 10% from the previous school year. T

State and/or Local Priorities Addressed by this goal:

State Priorities: 3. Parent involvement; 4. Pupil achievement

Local Priorities: Students will pass 8th grade and graduate High School; College and Career Readiness; Positive School Climate

#### **Annual Measurable Outcomes**

Expected

## The district and schools will hold 2018-19 bi-monthly parent engagement The district meetings sheets

The district will collect sign-in sheets and agendas to show that programs are in place. Schools will also administer a survey at the end of the school year to indicate parent satisfaction with the program. Parents will also provide input for future topics to be covered.

- The district will continue to hold DELAC / DAC meetings once every other month.
- Sites will be allocated Supplemental / Concentration funds to run parenting classes that focus on areas that parents need support
- Parents will have forums to provide input to the school through SSC and ELAC. At the district level, they will continue to have input into the LCAP.

- We held 5 DAC/DELAC meetings this year. -met
- The district held parenting classes through the Parent Institute. It
  was an 8 week session in the evenings held at our Savannah site,
  with families from all schools attending.-met

Actual

- Each school held regular SSC and ELAC meetings four to five times last year.-met
- The district held four sets of LCAP input meetings (two different dates for each meeting to provide families more options)- met
- Schools administered a spring survey- met
  - 70% strongly agreed and 28% agreed that "parents are welcome to participate in important school decisions (e.g., School Site Council, ELAC").

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The district met all of our annual outcomes for this goal. We held DELAC/DAC meetings every other month in the 2018-19 school year. DAC/DELAC members and officers were trained in their roles and responsibilities. They also participated in the annual evaluation of the dstrict's Title I Parent Involvement Policy. DELAC members made their annual recommendations to the Board of Trustees regarding EL services. Community liaisons participated in all DAC/DELAC meetings, providing translation services in Vietnamese, Chinese, and Spanish. We allocated funds to run a successful 8-week long parent institute focusing on how parents can support their children to develop reading, math, and leadership skills. We created and

maintained ongoing forums for parents to provide input on school priorities, programs, and budgets through the SSC and ELACs. We surveyed parents at our end of year back to school nights to get additional feedback on our programs and school culture.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As a result of parent outreach, translation services in Spanish, Chinese, and Vietnamese, and our parent institute, Rosemead has a highly engaged parent population and has been able to leverage the unique perspective parents have as their childrens first teacher. Our plans for our English learners and for how we spend federal and state funding have been enriched by parents contributing their ideas. In a district with the cultural diversity of ours, this input is especially important. In addition to getting parent input, the Parent Institute helped parents to support learning at home. Parent survey data from Spring of 2019 suggests that parents feel that they have a voice in our schools: 70% strongly agreed and 28% agreed that "parents are welcome to participate in important school decisions (e.g., School Site Council, ELAC").

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Salary Expenditures - Cost increased on any action involving certificated salary due to a 3% salary increase that was negotiated in 2017-18 for certificated and classified employees.

Parent classes and parent outreach- The district provided a 8-week parent institute that did not cost as much as originally planned. Also schools did not utilize their LCFF funds to pay for office staff or translation services. Some translation services cost were paid for using Title funds. The district wide parent institute was held at one site. We ended up saving costs, as we had originally budgeted for similar institutes to be held at different campuses.

Schools provided translation for SSTs and charged it to a different account.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes were made to this goal.

#### Goal 7

All schools in the Rosemead School District will maintain at the least an overall rating of Good as measured by the Facilities Inspection Team (FIT) Report

State and/or Local Priorities Addressed by this goal:

State Priorities: 1. Basic

Local Priorities: Positive School Climate

#### **Annual Measurable Outcomes**

Expected Actual

## All schools will receive a rating of "Good" on the FIT Report

#### 2018-19

All school facilities will be well-maintained and in proper working condition. The district will review work orders that were not completed due to budget constraints and use the expected annual funding increases to completed unfinished work orders.

Annually, the FIT report will be reviewed to ensure all schools receive an overall rating of "Good."

**FIT Report** results from Fall, 2018 show all schools received rating of good or better: Met

#### **Overall Ratings:**

Shuey: Exemplary
Encininta: Exemplary
Janson: Exemplary
Savannah: Good
Muscatel: Good

#### **Actions / Services**

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

**Improved Services Requirement** 

Students to be Served: All

Location: All Schools

For Actions/Services not included as contributing to meeting Increased or **Improved Services Requirement** 

Students to be Served: All

Location: All Schools

The district will monitor the condition of all district facilities and ensure that all are clean, safe, and functional.

Actual

Actions/Services

The district monitored the condition of all district facilities and ensured that they were all are clean, safe, and functional. However, we did not spend LCFF funds aligned to this goal and action.

Budgeted **Expenditures** 

\$860,589 - LCFF -2000-2999 Classified Salaries \$240,403 - LCFF -4000-4999 Books and Supplies - Maintenance and Operation supplies \$386,033 - LCFF -3000-3999 Employee Benefits - Maintenance and Operation employee

benefits

**Estimated Actual** Expenditures

\$0 - LCFF - 2000-2999 Classified Salaries \$0 - LCFF - 4000-4999 Books and Supplies \$0 - LCFF - 3000-3999 **Employee Benefits** 

## **Analysis**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The schools in Rosemead remained well-maintained and in good working condition. The district continues to work on modernization of our schools in order to provide students with the best learning environment possible.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

According to the Facilities Inspection Team report in the fall of 2018, all schools received the mark of good or exemplary. The Rosemead facilities are all in good shape. Our students enjoy hot breakfast and lunch in sparkly clean cafeterias, learn in well-maintained classrooms, and play on solid playgrounds with well-kept grounds.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The district did not utilize LCFF funds for Goal 7. The district has facilities bond money that were allocated to maintaining school facilities.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes were made to this goal.

## **Stakeholder Engagement**

LCAP Year: 2019-20

## **Involvement Process for LCAP and Annual Update**

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Stakeholder Involvement at District Level: Beginning the in the fall of 2018, the district began convening advisory groups to review the LCAP. With each advisory group, the district staff shared presentations of student data to highlight areas of strength and need; budget information showing how funds for 18-19 sere allocated and how the district was progressing on the expenditures of allocated funds; projected allocations for 2019-20. The district then received feedback from each advisory committee. There were three district committees:

1. The District LCAP Advisory Committee: All stakeholders, including our special education, low-income, English Learner and foster/homeless (parents, teachers, classified staff, administrators, and board members) are invited to participate. During the meetings, we solicited input on the 8 state priorities for LCFF. Parents from all schools and several staff members attended. At these meetings, district staff presented the LCAP goals and actions for last year and engaged the attendees in rating their preferences and offering suggestions for new action items. Below are the dates and foci of each District LCAP Advisory Committee Meeting from 2018-19:

#### o December 12, 2018:

- overview of LCFF and LCAP
- overview of district's existing LCAP goals
- review of identified goals and outcomes for academic achievement
- reviewed CAASPP scores
- reviewed parent survey data

#### o February 13, 2019:

- overview of district's existing LCAP goals
- review of district suspension and attendance data
- review identified goals/outcomes for academic engagement, conditions and climate indicators
- review California Healthy Kids Survey data

#### o March 19, 2019:

- review of district staff, student, and teacher survey data
- review LCAP actions and services and suggested modifications in response to stakeholder survey data

#### o April 30 and May 2, 2019

- review LCAP Goals
- review LCAP Budget
- seek Input on Revising the Goals and Actions

- prioritize Actions
- 2. District English Learner Advisory Committee (DELAC): All parent of English learners are invited to attend and participate in DELAC.
- **3. District Advisory Committee (DAC):** All parents/guardians of socio-economically disadvantaged students, foster youth, homeless students, site administrators, and ELD teachers are invited to attend DAC. The DAC and DELAC meet jointly.

#### Below are the dates and foci of each DAC/DELAC Meeting from 2018-19:

#### o October 4, 2018:

- review of DAC/DELAC roles and responsibilities
- uniform Complaint Procedure (UCP) Annual Notice
- presentation of District Parent Policy
- introduction to LCAP goals

#### o December 6, 2018:

- parent input on District Parent Policy
- EL Master Plan: Brainstorm mission statement

#### o April 3, 2019:

- election of officers to DAC and DELAC
- SPSA Update
- EL Master Plan: Preliminary mission statement distributed for input

#### o June 4, 2019:

- Parent input on LCAP and Title III spending
- Supporting summer reading to prevent summer slide
- Building a vision for next year's DAC/DELAC

Stakeholder Involvement at School Sites: At each school site, there were also three settings to address LCAP with parents: The Title I annual meeting, an ELAC meeting which addressed the LCAP, and School Site Council Meetings. At SSC meetings, each principal discussed with parents progress toward meeting school site and district goals; shared school site and district budgets with the members of their community; and solicited input from the SSC on budget, goals, and actions. Additionally during staff meetings, the principals regularly engaged the staff in goal setting and budget decisions related to the LCAP.

**Student Involvement:** Student leadership teams at each school site, comprised of representatives from each grade level, bring issues and ideas for improving services to the site principals. The site principals then bring these ideas to the staff and parent leadership groups to determine how to incorporate student ideas into the program to improve them. These actions are then written into the LCAP. Student survey results the California Healthy Kids Survey is also key data. Principals, staff, district administrators, and advisory groups review this data and make adjustments based on areas of need.

**District Staff Involvement:** The Educational Services Assistant Superintendent also met with members of the management team to obtain input for this year's LCAP revision, to the Annual Measurable Objectives (AMO's) in last year's plan, and to review expenditures. Principals met with their staff members to obtain input for this coming year's LCAP revision (including expenditures and AMOs).

**Board of Trustees Involvement:** The Rosemead Board of Trustees was also engaged in the review of our data. They read summary reports about each district LCAP meeting, held two study sessions on the LCAP, and voted to approve the LCAP.

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

As a result of the parent and staff input at the LCAP meetings, we have decided to include several items in the LCAP for 2019-20.

The staff and parents supported the idea of having instructional leads to serve as representatives on district committees and as resident experts who will take district professional learning back to their school sites for literacy, STEAM, science, and dual immersion Mandarin. At the Employee Representative Panel (ERP) meeting with our teacher association officers, the union president recommended having a math lead team as well. We have thus incorporated that into the 2019-2020 LCAP budget.

Stakeholders also informed our decision to continue enrichment and interventions at all grades, including arts integration, music after school, STEAM/project based learning, coding and intervention to support struggling students both during the school day and after school.

Stakeholders also informed our decision to continue to fund smaller class sizes in TK-3 and 4-6, as well as providing a 3-hour aide to support TK-K classrooms, although parents expressed they would like to see full time aides for TK-K if more funding becomes available. Stakeholders wanted more parent outreach to get more parents involved, especially at the middle school. So the district will be offering more parent involvement opportunities and reaching out to parents more in the new year. Next year, our district will be joining a consortium of other districts to invite parents to parent involvement academy.

There was strong support across all stakeholder groups to continue our PBIS work and to continue to use the Leader in Me framework to develop leadership and non-cognitive skills in our students. Our Board of Trustees expressed a strong desire for supporting students with social emotional support; as a result of that input, we will continue to fund counselors. Finally, at our April LCAP meeting, parents expressed that the students with IEPs at the middle school needed better support to be prepared for high school, which in turn will lead to college access. As a result, we will continue to fund the AVID program at the middle school and to spread the strategies school-wide to ensure all students have access to this powerful college-preparation program.

The RSD will continue funding almost all actions from the 2018-19 school year in the 2019-20 LCAP. The projected supplemental/concentration allocation for the 19-20 school year is \$6,283,865. The table below illustrates how the funds will be budgeted in 2019-20.

Goal	Key Actions	Est. Budget	Percentage of LCFF S&C Funds
1	6 days of PD  Small class sizes and no combination classes in upper grades  After school enrichment  Beginning Teacher Induction/BTSA program  Supplemental CCSS materials	\$1,811,038	29%

	Stipend for teacher leads		
2	ELD and Intervention teachers ELD and Intervention materials	\$1,057,183	17%
3	Class size reduction in TK-3 Full day Kinder and aides for TK-Kinder ELD and computer intervention materials	\$2,183,494	35%
4	Arts integration/enrichment teachers and materials  Enrichment activities for unduplicated students  Instructional software and tech devices	\$472,566	8%
5	PBIS intervention teams  APE teacher, LVN, nurse aid  Student behavior and leadership program  MTSS for unduplicated students' and social- emotional needs	\$527,157	8%
6	Translators for parent conferences and home-school communication  Community liaisons to support home-school communication  Student Study Teams  Districtwide parent workshops	\$232,427	4%
7	Maintenance and repair of facilities to ensure they are in good working order.	\$0	0%
	TOTAL LCFF Supplemental/Concentration Funds		100%

	\$6,283,864	

# Goals, Actions, & Services

Strategic Planning Details and Accountability
Complete a copy of the following table for each of the LEAs goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

# Goal 1

80% of all students will show growth toward proficiency or maintain proficiency on district and state assessments.

Growth will be measured based on the 2018-19 SBAC and local assessment scores.

# State and/or Local Priorities Addressed by this goal:

State Priorities: 1. Basic; 2. Implementation of State Standards; 4. Pupil achievement; 7. Course access; 8. Other pupil outcomes Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; College and Career Readiness

## **Identified Need:**

On our latest SBAC results (Spring, 2018), achievement is uneven between some subgroups. For example, our Hispanic/Latino students are orange in ELA, with 41% of students meeting or exceeding standards (compared to 60% overall). Similarly, 30% of our Hispanic/Latino students (compared to 56% of all students) met or exceeded standards in math. Our English learners were in the yellow zone in ELA. While their average was 9.5 points above standard, they declined 3.8 points from the previous year. Finally, our Students with Disabilities scored red in ELA (92.6 points below standard, a 5.5 point decline from the previous year) and orange in math (98.8 points below standard, a 9.2 point drop from the previous year). Achievement is also lower overall in grade 3, where students scored in the yellow zone and showed a 9 point decline from the previous year.

# SBAC ELA (Spring, 2018):

- Overall slight decrease of 1.3 points from 2017
- Percent of students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 64%
  - Students who showed growth toward proficiency from 2017 SBAC to 2018 SBAC: 244
  - Students who maintained proficiency from 2017 SBAC to 2018 SBAC: 384
  - Total students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 628
  - o Total students tested in both 2017 and 2018: 974

# SBAC Math (Spring, 2018):

- Overall increase of 5 points from 2017
- Percent of students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 61%
  - o Students who showed growth toward proficiency from 2017 SBAC to 2018 SBAC: 139
  - Students who maintained proficiency from 2017 SBAC to 2018 SBAC: 458
  - Total students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 597
  - Total students tested in both 2017 and 2018: 977

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

## Goal 2

80% of English Learners, low-income students, and/or foster youth students will show growth toward proficiency or maintain proficiency on district and state assessments. Growth will be measured based on the 2018-19 SBAC and local assessment scores.

## State and/or Local Priorities Addressed by this goal:

State Priorities: 4. Pupil achievement

Local Priorities:

#### **Identified Need:**

On our latest SBAC results (Spring, 2018), there was a 14 point achievement gap between our English Learners and the overall student population: in ELA, English Learners scored in the yellow zone, at 9.5 points above standard (a decline of 3.8 points from the prior year), while the overall population was in the "green zone" at 23 points above standard. Similarly, in math, English Learners scored in the green zone, at 3.8 points above standard (an improvement of 1.9 points from the prior year), while the overall population was in the "green zone" at 24 points above standard-marking a 20 point achievement gap for ELs. Our socioeconomically disadvantaged youth averaged 2.8 points above standard in math (an increase of 3.8 points from the prior year)-- promising progress but still representing an achievement gap of 21 points. In ELA, our socioeconomically disadvantaged students were much closer to the overall population at 13.9 points above standard on average (a 9 point achievement gap).

## Spring, 2018 SBAC Scores

Subgroup		% met or exceeded standards in math
Socioeconomically disadvantaged	56	52
English Learners	34	37
R-FEP	87	78

As the data below indicates, only 30% of our ELs are demonstrating progress toward or maintaining proficiency in ELA, and only 42% are doing so in math.

## English Learner Growth on SBAC ELA (Spring, 2018):

- Overall slight decrease of 1.3 points from 2017
- Percent of EL students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 30%
  - o EL students who showed growth toward proficiency from 2017 SBAC to 2018 SBAC: 54
  - o EL students who maintained proficiency from 2017 SBAC to 2018 SBAC: 4

- Total EL students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 58
- o Total EL students tested in both 2017 and 2018: 196

## English Learner Growth SBAC Math (Spring, 2018):

- Overall increase of 5 points from 2017
- Percent of EL students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 42%
  - EL students who showed growth toward proficiency from 2017 SBAC to 2018 SBAC: 45
  - EL students who maintained proficiency from 2017 SBAC to 2018 SBAC: 20
  - o Total EL students who showed growth or maintained proficiency from 2017 SBAC to 2018 SBAC: 65
  - o Total EL students tested in both 2017 and 2018: 155

## **Expected Annual Measurable Outcomes**

Modified Goal

## Goal 3

90% of all 3rd grade students that are continuously enrolled in the Rosemead School District schools since kindergarten will show proficiency in English Language Arts on district and state assessments. Growth will be measured based on the 2018-19 SBAC and local assessment scores.

## State and/or Local Priorities Addressed by this goal:

State Priorities: 4. Pupil achievement

Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School

## **Identified Need:**

Our focus on third graders is rooted in inadequate progress as revealed by our spring 2018 SBAC and spring 2019 iReady data. Though our third graders have performed better this past year than in previous years, approximately half of our third graders are not reading or grasping mathematics at grade level:

## **SBAC 2018 Performance Data:**

Test	Percent Met or Exceeded Standard	LCAP Goal: Percent Met or Exceeded Standard
SBAC 2018 ELA Summative	48%	59%
SBAC 2018 Math Summative	56%	52%

## Spring 2019 iReady Data

Test	Percent at Grade Level	LCAP Goal: Percent at Grade Level
Spring iReady ELA	48%	54%
Spring iReady Math	57%	47%

## **Expected Annual Measurable Outcomes**

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
3rd Grade SBAC Scores: 5% growth	ELA and Math - SBAC			
	ELA 3RD GRADE	ELA 3RD GRADE	ELA 3RD GRADE	ELA 3RD GRADE

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified Goal

# Goal 4

All 8th grade students will demonstrate high school, college, and career readiness as measured by SBAC ELA and Math results, science CST results, other district assessment data. The percent of students meeting or exceeding standard on the SBAC and local assessments will increase by 5% from the 2018-19 scores.

# State and/or Local Priorities Addressed by this goal:

State Priorities: 4. Pupil achievement; 7. Course access; 8. Other pupil outcomes
Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; College and Career Readiness

# **Identified Need:**

Our use of 8th graders' academic achievement as a marker for college and career readiness helps us to focus on areas of need for our 8th graders (and the academic program leading up to 8th grade). In the spring 2018 SBAC and spring 2019 iReady, we see where many 8th graders are lagging behind. Though our third graders have performed better this past year than in previous years, approximately half of our third graders are not reading or grasping mathematics at grade level:

# **SBAC 2018 Performance Data:**

Test	Percent Met or Exceeded Standard	LCAP Goal: Percent Met or Exceeded Standard
SBAC 2018 ELA Summative	60%	77%
SBAC 2018 Math Summative	57%	64%

# Spring 2019 iReady Data

Test	Percent at Grade Level	LCAP Goal for 2019: Percent at Grade Level
Spring iReady ELA	42%	58%
Spring iReady Math	60%	60%

# **Expected Annual Measurable Outcomes**

**Unchanged Goal** 

# Goal 5

All schools will implement Positive Behavior Intervention and Supports (PBIS) and provide additional educational and behavioral support all students with extra support for unduplicated students.

# State and/or Local Priorities Addressed by this goal:

State Priorities: 5. Pupil engagement; 6. School climate

Local Priorities: Coherent Instructional Program; Students will pass 8th grade and graduate High School; Positive School Climate

# **Identified Need:**

According to the California Dashboard, the suspension rate is one of the areas of greatest need for Rosemead, particularly with two subgroups, The suspension data below reveals groups that need additional district support. The actions in this section of our plan aim to better support these groups of students who are having trouble integrating into the social fabric and acceptable norms of the school.

Student Group	Color on California Dashboard for Suspension Rate	Suspension Rate
All	Yellow	1.5%
English learners	Green	1.2%
Foster Youth	N/A	
Homeless	Yellow	1.5%
Socioeconomically Disadvantaged	Orange	1.7%
Students with Disabilities	Orange	3.8%
Asian	Yellow	1.4%
Hispanic	Orange	2%
White	Yellow	2%

# **Expected Annual Measurable Outcomes**

**Unchanged Goal** 

# Goal 6

All schools will increase their participation in parenting classes by 10% from the previous school year.

# State and/or Local Priorities Addressed by this goal:

State Priorities: 3. Parent involvement; 4. Pupil achievement

Local Priorities: Students will pass 8th grade and graduate High School; College and Career Readiness; Positive School Climate

## **Identified Need:**

In Rosemead, we view parents as true partners in educating the students. It is our goal to fully involve parents in decision-making at the school and district level. Parents have have told their children's teachers and administrators that they would like support in learning how to help their children with reading and math at home. The vast majority of our students' parents speak a language other than English, with Mandarin, Cantonese, Vietnamese, and Spanish being the most common. To facilitate parental involvement and communication between the school and the home, translators in each of these languages are essential.

# **Expected Annual Measurable Outcomes**

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
The district and schools will hold bi-monthly parent engagement meetings	The district will collect sign-in sheets and agendas to show that programs are in place. Schools will also administer a survey at the end of the school year to indicate parent satisfaction with the program. Parents will also provide input for future topics to be covered.  • The district will continue to hold DELAC / DAC meetings once	The district will collect sign-in sheets and agendas to show that programs are in place. Schools will also administer a survey at the end of the school year to indicate parent satisfaction with the program. **Unchanged Goal** 

# Goal 7

All schools in the Rosemead School District will maintain at the least an overall rating of Good as measured by the Facilities Inspection Team (FIT) Report.

# State and/or Local Priorities Addressed by this goal:

State Priorities: 1. Basic

Local Priorities: Positive School Climate

#### **Identified Need:**

It is essential that we provide safe, secure learning environments for all students.

# **Expected Annual Measurable Outcomes**

Metrics/Indicators Baseline 2017-18 2018-19 2019-20

All schools will receive a rating of "Good" on the FIT Report

All school facilities will be well-maintained and in proper working condition. The district will review work orders that were not completed due to budget constraints and use the expected annual funding increases to completed unfinished work orders. Annually, the FIT report will be reviewed to ensure all schools receive an overall rating of "Good."

# **Demonstration of Increased or Improved Services for Unduplicated Pupils**

LCAP Year: 2019-20

Estimated Supplemental and Concentration Grant Funds:

Percentage to Increase or Improve Services:

\$6,283,865

100.00%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

#### LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds:

Percentage to Increase or Improve Services:

\$6,070,067

33.00%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Actions/Services Contributing to meeting the increased or improved services and identified as LEA-wide.

#### Goal 1:

- Action 2 and 4 Supplemental books and materials aligned to the Common Core
  - o In addressing the needs of students from our unduplicated student groups, research supports that schools can achieve increased achievement by differentiating instruction to meet their varying needs. Therefore, it is essential that books and materials be purchased to differentiate instruction for underperforming students. Supplemental instructional materials to support the CCSS and books representing a wide range of complexity will be purchased to support teachers in addressing the wide range of student needs.
- Action 3 Classified Employee Professional Development
  - Classified staff will be trained in the PBIS framework because when implementing a districtwide positive behavior framework, it is critical that all staff receive appropriate training so they can support all students. A districtwide approach to implementing PBIS will allow the district to minimize suspensions and expulsions, especially for our high risk unduplicated student groups, in order to increase attendance and student engagement in learning.

- Actions 5 and 6 Professional Development
  - o The overwhelming majority of Rosemead School District students fall into unduplicated student groups. Studies indicate that in order to close the achievement gap between these students and their more advantaged peers, teachers need to be knowledgeable about how to provide individualized and differentiated instruction, English Language Development and interventions in the classroom. Supplemental & Concentration funds will be used to provide these trainings.
- Action 8 BTSA/CTIP
  - The California Teacher Induction Program (CTIP), formerly known as Beginning Teacher Support and Assessment (BTSA) training helps prepare teachers to teach effectively and manage all of the demands of the profession. This is especially important for serving our students from various economic, academic, and language backgrounds. All new teachers to Rosemead will be trained in the areas of data analysis, differentiated instruction, research-based practices to support all students; however, part of the emphasis will be on addressing the academic needs of English learners and students from disadvantaged backgrounds.
- Actions 9 Professional Development in ELD
  - Research shows that the leadership of the principal is key to positively impacting student achievement to acquire the necessary skills and strategies to address the complex needs of our most needy (academic / economically disadvantaged / ELs) students. Principals will participate in a year long training and coaching program. Some of the academic and social-emotional strategies learned during the professional development sessions can be used and applied to all students. Supplemental & Concentration funds were allocated to provide professional development for administrators to provide increased services to unduplicated students.
- Action 10 Upper Grade Class Size Reduction
  - o Decreasing class size and eliminating combination classes allows teachers to target the specific needs of students, which is especially important for unduplicated student population because teachers can provide more individualized and differentiated instruction and interventions. Smaller class sizes are also conducive to supporting collaborative learning environments. Supplemental & Concentration funds will be used to reduce class sizes and eliminate combination classes to increase the time spent on differentiated instruction for all unduplicated students and provide English Language Development for English Learners.
- Action 13 After School Enrichment Programs
  - Studies indicate that students who are struggling require additional time to catch up to their peers. Therefore, students from the
    unduplicated student groups benefit greatly from afterschool enrichment programs that supplement the instructional component of the
    regular school day. S & C funds will be used to support this program.
- Action 14 Multi-tiered Systems of Support (MTSS) Tier 3
  - Data from our formative and summative indicates 10% of Rosemead have intensive academic needs. The district MTSS program provides in school and after school interventions for students needing these services. There is a long established correlation between poverty and low academic achievement. Supplemental & Concentration funds will be used to provide unduplicated students with high intensive intervention programs during the school day and after school to prepare them for greater success in meeting the California standards.
- Action 15 Instructional Leads -
  - The District will provide stipends to Teacher Leads at school sites as a tool for increasing the effectiveness of the site Leadership Teams in improving data analysis, collaboration and academic planning. Currently, many teachers are taking on additional responsibilities without compensation which often leads to teacher burn out and high turn over of leadership positions. Identifying and compensation Teacher Leads will provide support the Principals and Teacher teams in their Professional Learning Communities.
- Action 16 Lesson Development
  - Effective instructional planning results in better implementation of lessons, more opportunities for differentiated instruction and actual student achievement of objectives. In upper grades where the average class size is larger than primary grades, teachers will be allocated release time for instructional planning and grade level team collaboration. Teachers will utilize this time to plan and design lessons that provide scaffolding for non-academically proficient and non-language proficient students. Lessons will address core standards, but will help at-risk unduplicated students access the core.

#### Goal 2:

- Actions 1, 2, 4, 6, 7 and 8 Interventions
  - o In districts with high percentages of students representing the unduplicated count groups, it is particularly important to provide a wide range of interventions and additional support services to address their academic needs so that they may catch up to their peers and schools can close the achievement gap. In order to provide a comprehensive program of support to students needing additional academic assistance, Rosemead offers a full day kindergarten as well as during the day and after school interventions at the elementary and middle schools and iReady software programs to support interventions through monitoring and differentiation.
- Actions 3 and 5 ELD Supports
  - Students who are learning English at all language proficiency levels need additional support in order to access the core curriculum and compete with their English proficient peers. All schools will be provided with ELD intervention teachers in order to provide instructional support based specifically on the proficiency levels of their EL students.

#### Goal 3:

- Action 2 TK-3 Class Size Reduction
  - o Decreasing class size and eliminating combination classes allows teachers to target the specific needs of unduplicated students and help teachers provide early intervention for students in the primary grades. This will increase the time spent on differentiated instruction for all unduplicated students and provide greater access to English Language Development strategies for English Learners. Furthermore, the state has set a ratio of 24:1 ratio in grades TK-3. Supplemental & Concentration funds will be used to reduce class sizes and eliminate combination classes in graders TK-3.
- Action 3 Supplemental Computer Intervention Programs
  - Demographic data reveals that 80% of Rosemead students participate in the Free and Reduced Lunch program and 40% are English Learners. These factors can produce additional challenges because families often do not have the resources to support their children with tutoring at home. Therefore, differentiating instruction in the classroom is critical to meeting the academic and language needs of all students, especially our unduplicated student groups. iReady is a researched-based program with proven success and will be utilized to support core instruction and provide at-risk students with more opportunities to overcome educational disadvantage factors and develop improved academic skills.
- Action 4 Kindergarten Instructional Aides
  - Early childhood development is a critical component in laying a foundation for school success. Many of our students enter school without the foundational skills and concepts necessary to meet the academic standards for kindergarten. This is particularly true for low income students, English Learners and Foster Youth. Instructional aides in the classroom provides opportunities for one-to-one and small group instruction and early intervention. Supplemental funds will be used to employ 3-hour instructional aides in each TK and Kindergarten classroom.
- · Action 5 Pre School
  - According to a report written by the U.S. Department of Education (2016), underserved communities lack access to free quality preschool, schools with high, challenging standards, and engaging teaching. We know that the foundation for future success is often linked to children's ability to attend preschool. However, many of our families cannot afford it. Therefore, supplemental funds will be used to provide more access to our most needy Preschool students.
- Action 6 ELD Supports (See Goal 2, Actions 3 and 5)

#### Goal 4:

- Actions 1 and 4 Enrichment
  - According to a report written by the U.S. Department of Education (2016), far too many students across the United States, especially in underserved groups and communities, lack robust access to the core elements of a quality education. Supplemental funds will be allocated for enrichment activities intended to provide our unduplicated students with opportunities that they do not have access to

because of household income or because of language barriers. Students will have access to concepts that will help their knowledge-base in the sciences, technology, engineering, arts, and mathematics.

- Action 2 Computer Lab Aides
  - Research shows that disadvantaged students need additional "time on task" in order to overcome academic deficits. Technology is a tool which enables students to learn new skills and concepts. Funding computer lab aides will provide additional time for students to learn technology skills and develop computer related competencies. The lab aides will also provide students with more support and "time on task" using computer-based intervention programs.
- Action 3 Multi-Media Specialists
  - Libraries and access to books and information databases is critical to student reading, writing, research and reporting. Furthermore, online intervention programs are critical to ensuring that students who are underachieving have access to the core curriculum.

    Multi-media specialists will provide unduplicated students more access to quality, grade appropriate literature.
- Action 5 and 7 Technology Devices
  - Students from low income backgrounds often lack the technology tools that their more advantaged peers have. In order to ensure that all students have access to technology, the District will provide Chromebooks, iPads, desktop computers and materials to support student achievement, personalized learning, and a college-and-career ready culture. This will ensure that our English Learners and academically at-risk students will be able utilize technology to access supplemental and intervention computer-based programs.

#### Goal 5:

- Action 1, 5, 7 Positive Behavior and Support Systems
  - Research indicates that a positive school culture is strongly related to increased academic achievement. Furthermore, it is the district's responsibility to ensure that all students are provided with access to the academic program. Students who struggle with behavior are often academically at risk. In order to promote a positive school climate where all students can learn effectively.at all sites and ensure that students are not out of the classrooms for extended periods of time due to discipline related issues, the district will use supplemental funds to implement PBIS in all schools.
- Action 3 Health and Development Services
  - An abundance of research connects poverty to poor educational and health outcomes, As a district, we are committed to ensuring that our students are healthy and ready to learn. Supplemental funds will be used to increase health and developmental services for the most needy students.
- Action 4 School Counselors
  - Research demonstrates that school counselors serve a vital role in maximizing student success. But many students do not get access to high quality school counselors that they need and this is particularly true for students of color and students from low income families. Supplemental funds will be used to provide counseling services in order to support social emotional needs of students and ensure that students receive the counseling services they need.
- Action 6 Student Leadership
  - In order to provide a positive school environment so that all students feel safe and can learn, the district is implementing the Leader in Me student leadership program. This program provides all students with the opportunity to learn and develop critical leadership skills and everyday work habits that promote success. This program is critical to the academic and social-emotional development of our unduplicated students. Skills and habits are being learned by these students that are not taught to them at home. This program is providing our students with essential skills and habits that will be used in high school, college, and their adult lives.

# Goal 6:

- Action 1 Student Data Base
  - The key to ensuring that all students have the opportunity to achieve to high academic levels is to monitor their learning through ongoing assessments and analyze that data regularly to determine instructional plans and interventions when needs. A student

data-base system is funded to help track the progress of students and provide essential information to teachers as well as parents about their students' progress.

- Actions 2, 3, 4, 5, 6, 7 and 8
  - o Rosemead School District will provide a wide range of school and district supports and opportunities to increase Parental Involvement in the schools, such as Principal Meetings, Parent Conferences, Parent Education Nights, and other Parent Group meetings. In addition, it is essential that we provide written and oral translations at all Parent Meetings for families who do not speak English fluently. With over 80% of families living in poverty, parent involvement can be a challenge for our families. Families living in poverty often work multiple jobs, may have limited English language skills, and in some cases may have had few positive experiences with their children's teachers or schools. These factors frequently work against a school's attempts to form relationships with families living in poverty. Studies indicate that the more that parents are authentically engaged in their child's education, the greater the likelihood of academic and social success for students.

LCAP Year: 2017-18	
Estimated Supplemental and Concentration Grant Funds:	Percentage to Increase or Improve Services:
\$5,783,661	31.81%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Rosemead School District qualifies as an LEA-wide district for distribution of the LCFF supplemental/concentration funds received. Rosemead's proportionality percentage for FY 17-18 is 31.81%. School sites are allocated resources proportionately based on total enrollment; however, all sites also receive additional supplemental/concentration funding based on their unduplicated student population. The 2017-18 LCFF supplemental and concentration funds is approximately \$5.7 million. The District's projected unduplicated enrollment count of 2035 equates to approximately 85.32 percent of the District's projected total student enrollment count of 2385, qualifying the District as LEA-Wide for purposes of expending LCFF supplemental and concentration funds. The planned LCFF supplemental and concentration funds expenditures of \$5.7 million demonstrate the amount necessary to meet the proportionality expenditure requirement. The following actions and services are over and above the LCFF 31.81% proportionality requirement. Funds will be used to increase:

# Technology.

• 2% of Supplemental & Concentration funds (\$100,000) were used for instructional technology and materials to support student achievement, personalized learning, and a college-and-career ready culture

# Mental and physical health services.

• 9 % of Supplemental / Concentration funds (\$506,000) were allocated to support social emotional needs of students.

#### Parent and community Involvement.

• 1% of Supplemental & Concentration funds (\$67,000) was used to increase parent and community involvement to support student success.

#### Class Size Reduction / Elimination of Combination Classes in Grades TK- 6.

• 34% of Supplemental & Concentration funds (\$1,980,721) were used to reduce class sizes and eliminate combination classes to increase the time spent on differentiated instruction for all unduplicated students and provide English Language Development for English Learners.

Stakeholders have provided input that larger class sizes and combination classes make it very difficult to meet the needs of all students. By decreasing the class sizes and eliminating combination classes will allow teachers to target the specific needs of unduplicated students.

#### Intervention Programs and Specialized supports for Unduplicated Students.

- 28% of Supplemental & Concentration funds (\$1,567,274) were used to provide unduplicated students with intervention programs during the school day and after school
- All schools are implementing daily intervention blocks for students not meeting grade level standards. The district has moved toward an intervention model where all teachers diagnose and treat students who are struggling academically. The schools are using diagnostic assessments in both ELA and math to identify the specific needs of students. The also have intervention programs designed to provide instruction needed to address every students' academic needs. Teachers are also utilizing the diagnostic assessments to monitor progress and whether the intervention support provided to students is helping students make progress.

# **Site-Based Supplemental & Concentration Allocations**

11% of Supplemental & Concentration funds were allocated (over \$74,000 for each school) to implement programs to support and increase services for unduplicated students. The schools provided students with the following services:

- Guided Reading / Differentiated Instruction
- Supplemental ELD Materials
- Supplemental Project-Based Learning Materials
- Parent Outreach Meetings
- Parenting Education Classes
- PBIS Materials
- Arts Enrichment
- After School / In-School Intervention
- After School Enrichment
- · After School iReady Lab

# **Professional Development Focusing on Support for Unduplicated Students**

• 15% of Supplemental & Concentration funds were allocated (over \$600,000) to provide professional development for all employees in order to provide increased services to unduplicated students.
