## *Message from the Superintendent*

Greetings Rosemead Community,

On October 1, 2021, Governor Newsom announced that students will be required to be vaccinated to participate in in-person learning. We understand that our parents and community members have many questions about this new requirement. Below are key components:

- This new mandate will apply to all public and private school students in California
- The COVID-19 vaccination will be added to the current list of 10 vaccinations required for all students
- The requirement will take effect upon full authorization of a vaccine by the Food and Drug Administration (FDA)
- The requirement will be phased in starting with grades 7-12 and then grades K-6
- The requirement will take effect the semester/term following the FDA approves a vaccine for each specific age group/grade span, either the Spring or Fall semester
- All K-12 educators are also subject to this requirement with an implementation timeline that coincides with the first-grade span vaccination requirement
- As with other vaccinations, there will be exemptions based on medical and personal/religious beliefs

As we get closer to the FDA approval of a vaccine, we will reach out to our parent community to share information and updates regarding this new requirement.

As always, thank you for your continued support of our school district, and have a great month of October.
